NOTES ON NEWS OF THE DAY.

THE Delaware House of Representatives passed a high license bill yesterday. The fees are $500 for cities of over 10,000 inhabitants, $300 for towns of over 2,000, and $200 for rural districts.

THERE was not a place in the United States yesterday where the temperature fell below the freezing point. This is the first time in 1889 that so spring-like a condition has been reached. Spring may now be regarded as having begun in earnest.

PRESIDENT HARRISON and wife have arranged to visit Vice-President Morton at Ellerslie in May, after having attended the centennial, and will spend several days there. Gen. Harrison is manifesting in many ways a creditable esteem for the state that elected him.

MRS. WILLIAM CROSS of Seymour, Ind., was bitten on the foot by a copperhead snake thirty years ago. Every year since, at about the date of the accident, her foot has swollen to enormous size and caused her great suffering. This year the illness has recurred so violently that there is no hope of recovery.

MR. CLEVELAND has not yet accepted the office of High Bridge Park Commissioner, and the meeting yesterday was a failure for lack of a quorum. We would commend to the ex-President the example of John Tyler, who was elected pathmaster after retiring from the Presidency, and made an excellent officer in that responsible position.

GOV. WILSON of West Virginia recently pardoned Enos Basham, who was serving four years for grand larceny. The ground of the pardon was a lack "of that degree of intelligence to make him capable of distinguishing right from wrong." Basham refuses to accept the pardon on these terms. He says he has "more sense in a minute than Wilson has shown in his whole term."

HON. ELLIS H. ROBERTS of the Utica *Herald* had not the slightest trouble in furnishing his bond for $400,000, as United States Assistant Treasurer. Twenty-six of his Utica neighbors came forward voluntarily and gave their endorsement. They were required to qualify for $800,000. Mr. Roberts left for New York last night, and will take charge of the office next Monday.

EL PASO, Texas, elected a Republican Mayor yesterday by 37 majority. Last fall El Paso county gave Cleveland 790 majority. The tide was turned by the naturalization of 200 Mexicans from the other side of the Rio Grande, all of whom voted the Republican ticket. If this is the way Mexicans are going to vote, Congress may venture to admit New Mexico. It looks as though the Mexican is getting civilized and Americanized.

THE *Tribune* states that Richard Croker, the new Chamberlain of New York, was not acquitted of murder in 1875, but escaped through a disagreement of the jury. District Attorney Phelps did not bring the case to a second trial. John M. Scannell, who killed Donohue, is likely to be appointed Fire Commissioner in Croker's place, and Ed. Stokes, who killed Fisk, is the principal backer of these two worthies.

SWIFT, the Hartford wife murderer, is still indulging in hope. The bill to commute his sentence was passed on Tuesday, and the Governor returned it with his veto Friday morning. Swift's counsel will appeal to the courts to decide whether the bill for commutation did not become a law on Thursday at midnight. The law gives the Governor three days to consider a bill. The hope of escape hangs upon a very slender thread.

THE defeat of the Saxton libel bill is due to the assaults of the newspaper correspondents upon certain members of Assembly during the first ceiling investigation. These members were angry at the newspapers, and did not wish to enlarge their privileges. The bill would not have exempted the press from punishment for actual libel, but it would have protected them from speculative suits brought by shysters who do not scruple to resort to blackmail.

NATHAN F. DIXON, the new Senator from Rhode Island, is 41 years of age and a graduate of Brown University. He is a practicing lawyer, and was United States District Attorney from 1877 to 1885. In the latter year he filled a vacancy in Congress for a month, but failed to obtain a re-election. He has been a State Senator ever since. His grandfather was a United States Senator from 1839 to 1842, and his father served ten years in the lower house.

JOHN J. ROCKEFELLER, the big bonanza farmer of Cleveland, has given his daughter $1,000,000 as a bridal present. Her husband is Charles A. Strong, son of the President of the Rochester Theological Seminary. Mr. Strong is going abroad to complete his theological studies and expects to enter the ministry. Mr. Rockefeller is very wealthy. Among his assets are $17,000,000 on deposit in the New York banks, which he keeps as a reserve for speculative schemes.

MR. MASE'S bill for taxing dogs was passed by the Assembly yesterday. It was defeated a week ago, whereupon Mr. Mase had New York and Brooklyn exempted from its provisions. The tax is $1 on male dogs and from $3 to $5 on females. It will probably pass the Senate, but the Governor may feel it his duty to crush it with a veto. Next to his grog the average Democrat loves a worthless dog. There are such men in Kingston whose children go hungry while the dog is fed.

LORD LONSDALE has had enough of Arctic exploration, and wants to go home. Had the Queen's son-in-law been obliged to perform this arduous and dangerous undertaking for his daily bread, he would have been called a fool. But he is going to take a high rank among the world's heroes. Now who will be the next to make the adventure? The Arctic region has been found a very uncomfortable place at best; why not let it alone now till the earth becomes sufficiently flattened at the poles to let down the Southern seas into it?

By Telegraph to The Freeman.

NEW-YORK, April 11.—Russell Harrison was arrested this afternoon in the offices of *Judge*, in the Potter building. Mr. Harrison came on from Washington last night for the purpose of having the papers in the suit served on him. The warrant was issued by Judge Beach, of the Supreme Court, who fixed bail at $5,000. Stephen B. Elkins, Vice-President Rice, of the Park Bank, and W. J. Arkell, of *Judge*, became Mr. Harrison's bondsmen. Mr. Harrison was arrested on account of an article being published in his paper accusing ex-Governor Crosby, of Montana, of having stolen jewelry from a Washington lady. Judge L'Amoreaux, of Ballston Spa, is Mr. Harrison's counsel and W. L. Sweetzer his attorney.

What the Captain Had to Say at the Opening To-Day.

By Telegraph to The Freeman.

WASHINGTON, April 11.—The Court Martial appointed to try Captain Armes for conduct unbecoming an officer and a gentleman met at the War Department this forenoon. In response to the question whether he had any objection to the composition of the Court, Captain Armes replied in the negative, but suggested that in this case the cart has been placed before the horse, and that not he but Captain Bourke and Colonel Gibson, who had made the charges against him, should be standing upon trial. He referred to Colonel Barr as the officer who had been Secretary of War for Secretary Lincoln.

RUSSELL'S SPEECH FOR PARNELLITES.

The "Times'" Publications Were a Serious and Reckless Calumny.

By Cable to The Freeman.

LONDON, April 11.—Sir Charles Russell continued his speech in behalf of the Parnellites, before the Parnell Commission, to-day. He declared the publication by the *Times* of the forged letters and the articles on Parnellism and crime was a serious and reckless calumny. He characterized the manner adopted by the prosecution in abandoning the charges based on the forged letters and the tone of the *Times'* apology as most ungenerous. "Mr. Parnell's only care now," Sir Charles said, "is to unmask what he believed to be a foul plot against him."

By Telegraph to The Freeman.

MINNEAPOLIS, April 11.—The employes of several street car lines struck, to-day. The cause was a desire of the managers to retrench by cutting down the wages of the employes. It is alleged that fraudulent issues of stock were made and the proceeds converted for private use. A receiver is asked for and an injunction against any further issue of stock. NOTES ON NEWS OF THE DAY.

THE Delaware House of Representatives passed a high license bill yesterday. The fees are $500 for cities of over 10,000 inhabitants, $300 for towns of over 2,000, and $200 for rural districts.

THERE was not a place in the United States yesterday where the temperature fell below the freezing point. This is the first time in 1889 that so spring-like a condition has been reached. Spring may now be regarded as having begun in earnest.

PRESIDENT HARRISON and wife have arranged to visit Vice-President Morton at Ellerslie in May, after having attended the centennial, and will spend several days there. Gen. Harrison is manifesting in many ways a creditable esteem for the state that elected him.

MRS. WILLIAM CROSS of Seymour, Ind., was bitten on the foot by a copperhead snake thirty years ago. Every year since, at about the date of the accident, her foot has swollen to enormous size and caused her great suffering. This year the illness has recurred so violently that there is no hope of recovery.

MR. CLEVELAND has not yet accepted the office of High Bridge Park Commissioner, and the meeting yesterday was a failure for lack of a quorum. We would commend to the ex-President the example of John Tyler, who was elected pathmaster after retiring from the Presidency, and made an excellent officer in that responsible position.

GOV. WILSON of West Virginia recently pardoned Enos Basham, who was serving four years for grand larceny. The ground of the pardon was a lack "of that degree of intelligence to make him capable of distinguishing right from wrong." Basham refuses to accept the pardon on these terms. He says he has "more sense in a minute than Wilson has shown in his whole term."

HON. ELLIS H. ROBERTS of the Utica *Herald* had not the slightest trouble in furnishing his bond for $400,000, as United States Assistant Treasurer. Twenty-six of his Utica neighbors came forward voluntarily and gave their endorsement. They were required to qualify for $800,000. Mr. Roberts left for New York last night, and will take charge of the office next Monday.

EL PASO, Texas, elected a Republican Mayor yesterday by 37 majority. Last fall El Paso county gave Cleveland 790 majority. The tide was turned by the naturalization of 200 Mexicans from the other side of the Rio Grande, all of whom voted the Republican ticket. If this is the way Mexicans are going to vote, Congress may venture to admit New Mexico. It looks as though the Mexican is getting civilized and Americanized.

THE *Tribune* states that Richard Croker, the new Chamberlain of New York, was not acquitted of murder in 1875, but escaped through a disagreement of the jury. District Attorney Phelps did not bring the case to a second trial. John M. Scannell, who killed Donohue, is likely to be appointed Fire Commissioner in Croker's place, and Ed. Stokes, who killed Fisk, is the principal backer of these two worthies.

SWIFT, the Hartford wife murderer, is still indulging in hope. The bill to commute his sentence was passed on Tuesday, and the Governor returned it with his veto Friday morning. Swift's counsel will appeal to the courts to decide whether the bill for commutation did not become a law on Thursday at midnight. The law gives the Governor three days to consider a bill. The hope of escape hangs upon a very slender thread.

THE defeat of the Saxton libel bill is due to the assaults of the newspaper correspondents upon certain members of Assembly during the first ceiling investigation. These members were angry at the newspapers, and did not wish to enlarge their privileges. The bill would not have exempted the press from punishment for actual libel, but it would have protected them from speculative suits brought by shysters who do not scruple to resort to blackmail.

NATHAN F. DIXON, the new Senator from Rhode Island, is 41 years of age and a graduate of Brown University. He is a practicing lawyer, and was United States District Attorney from 1877 to 1885. In the latter year he filled a vacancy in Congress for a month, but failed to obtain a re-election. He has been a State Senator ever since. His grandfather was a United States Senator from 1809 to 1842, and his father served ten years in the lower house.

JOHN J. ROCKEFELLER, the big bonanza farmer of Cleveland, has given his daughter $1,000,000 as a bridal present. Her husband is Charles A. Strong, son of the President of the Rochester Theological Seminary. Mr. Strong is going abroad to complete his theological studies and expects to enter the ministry. Mr. Rockefeller is very wealthy. Among his assets are $17,000,000 on deposit in the New York banks, which he keeps as a reserve for speculative schemes.

MR. MASE'S bill for taxing dogs was passed by the Assembly yesterday. It was defeated a week ago, whereupon Mr. Mase had New York and Brooklyn exempted from its provisions. The tax is $1 on male dogs and from $3 to $5 on females. It will probably pass the Senate, but the Governor may feel it his duty to crush it with a veto. Next to his grog the average Democrat loves a worthless dog. There are such men in Kingston whose children go hungry while the dog is fed.

LORD LONSDALE has had enough of Arctic exploration, and wants to go home. Had the Queen's son-in-law been obliged to perform this arduous and dangerous undertaking for his daily bread, he would have been called a fool. But he is going to take a high rank among the world's heroes. Now who will be the next to make the adventure? The Arctic region has been found a very uncomfortable place at best; why not let it alone now till the earth becomes sufficiently flattened at the poles to let down the Southern seas into it?

Stephen B. Elkins, Vice-President Rice, of the Park Bank, and W. J. Arkell, of *Judge*, became Mr. Harrison's bondsmen. Judge L'Amoreaux, of Ballston Spa, is Mr. Harrison's counsel and W. L. Sweetzer his attorney.

What the Captain Had to Say at the Opening To-Day.

By Telegraph to The Freeman.

WASHINGTON, April 11.—The Court Martial appointed to try Captain Armes for conduct unbecoming an officer and a gentleman met at the War Department this forenoon. In response to the question whether he had any objection to the composition of the Court, Captain Armes replied in the negative, but suggested that in this case the cart has been placed before the horse, and that not he but Captain Bourke and Colonel Gibson, who had made the charges against him, should be standing upon trial. He referred to Colonel Barr as the officer who had been Secretary of War for Secretary Lincoln.

RUSSELL'S SPEECH FOR PARNELLITES.

The "Times'" Publications Were a Serious and Reckless Calumny.

By Cable to The Freeman.

LONDON, April 11.—Sir Charles Russell continued his speech in behalf of the Parnellites, before the Parnell Commission, to-day. He declared the publication by the *Times* of the forged letters and the articles on Parnellism and crime was a serious and reckless calumny. He characterized the manner adopted by the prosecution in abandoning the charges based on the forged letters and the tone of the *Times'* apology as most ungenerous. "Mr. Parnell's only care now," Sir Charles said, "is to unmask what he believed to be a foul plot against him."

NOTES ON NEWS OF THE DAY.

THE Delaware House of Representatives passed a high license bill yesterday. The fees are $500 for cities of over 10,000 inhabitants, $300 for towns of over 2,000, and $200 for rural districts.

THERE was not a place in the United States yesterday where the temperature fell below the freezing point. This is the first time in 1889 that so spring-like a condition has been reached. Spring may now be regarded as having begun in earnest.

PRESIDENT HARRISON and wife have arranged to visit Vice-President Morton at Ellerslie in May, after having attended the centennial, and will spend several days there. Gen. Harrison is manifesting in many ways a creditable esteem for the state that elected him.

MRS. WILLIAM CROSS of Seymour, Ind., was bitten on the foot by a copperhead snake thirty years ago. Every year since, at about the date of the accident, her foot has swollen to enormous size and caused her great suffering. This year the illness has recurred so violently that there is no hope of recovery.

MR. CLEVELAND has not yet accepted the office of High Bridge Park Commissioner, and the meeting yesterday was a failure for lack of a quorum. We would commend to the ex-President the example of John Tyler, who was elected pathmaster after retiring from the Presidency, and made an excellent offieer in that responsible position.

GOV. WILSON of West Virginia recently pardoned Enos Basham, who was serving four years for grand larceny. The ground of the pardon was a lack "of that degree of intelligence to make him capable of distinguishing right from wrong." Basham refuses to accept the pardon on these terms. He says he has "more sense in a minute than Wilson has shown in his whole term."

HON. ELLIS H. ROBERTS of the Utica *Herald* had not the slightest trouble in furnishing his bond for $400,000, as United States Assistant Treasurer. Twenty-six of his Utica neighbors came forward voluntarily and gave their endorsement. They were required to qualify for $800,000. Mr. Roberts left for New York last night, and will take charge of the office next Monday.

EL PASO, Texas, elected a Republican Mayor yesterday by 37 majority. Last fall El Paso county gave Cleveland 790 majority. The tide was turned by the naturalization of 200 Mexicans from the other side of the Rio Grande, all of whom voted the Republican ticket. If this is the way Mexicans are going to vote, Congress may venture to admit New Mexico. It looks as though the Mexican is getting civilized and Americanized.

THE *Tribune* states that Richard Croker, the new Chamberlain of New York, was not acquitted of murder in 1875, but escaped through a disagreement of the jury. District Attorney Phelps did not bring the case to a second trial. John M. Scannell, who killed Donohue, is likely to be appointed Fire Commissioner in Croker's place, and Ed. Stokes, who killed Fisk, is the principal backer of these two worthies.

SWIFT, the Hartford wife murderer, is still indulging in hope. The bill to commute his sentence was passed on Tuesday, and the Governor returned it with his veto Friday morning. Swift's counsel will appeal to the courts to decide whether the bill for commutation did not become a law on Thursday at midnight. The law gives the Governor three days to consider a bill. The hope of escape hangs upon a very slender thread.

THE defeat of the Saxton libel bill is due to the assaults of the newspaper correspondents upon certain members of Assembly during the first ceiling investigation. These members were angry at the newspapers, and did not wish to enlarge their privileges. The bill would not have exempted the press from punishment for actual libel, but it would have protected them from speculative suits brought by shysters who do not scruple to resort to blackmail.

NATHAN F. DIXON, the new Senator from Rhode Island, is 41 years of age and a graduate of Brown University. He is a practicing lawyer, and was United States District Attorney from 1877 to 1885. In the latter year he filled a vacancy in Congress for a month, but failed to obtain a re-election. He has been a State Senator ever since. His grandfather was a United States Senator from 1839 to 1842, and his father served ten years in the lower house.

JOHN J. ROCKEFELLER, the big bonanza farmer of Cleveland, has given his daughter $1,000,000 as a bridal present. Her husband is Charles A. Strong, son of the President of the Rochester Theological Seminary. Mr. Strong is going abroad to complete his theological studies and expects to enter the ministry. Mr. Rockefeller is very wealthy. Among his assets are $17,000,000 on deposit in the New York banks, which he keeps as a reserve for speculative schemes.

MR. MASE'S bill for taxing dogs was passed by the Assembly yesterday. It was defeated a week ago, whereupon Mr. Mase had New York and Brooklyn exempted from its provisions. The tax is $1 on male dogs and from $3 to $5 on females. It will probably pass the Senate, but the Governor may feel it his duty to crush it with a veto. Next to his grog the average Democrat loves a worthless dog. There are such men in Kingston whose children go hungry while the dog is fed.

LORD LONSDALE has had enough of Arctic exploration, and wants to go home. Had the Queen's son-in-law been obliged to perform this arduous and dangerous undertaking for his daily bread, he would have been called a fool. But he is going to take a high rank among the world's heroes. Now who will be the next to make the adventure? The Arctic region has been found a very uncomfortable place at best; why not let it alone now till the earth becomes sufficiently flattened at the poles to let down the Southern seas into it?

Mr. Harrison came on from Washington last night for the purpose of having the papers in the suit served on him. The warrant was issued by Judge Beach, of the Supreme Court, who fixed bail at $5,000. Stephen B. Elkins, Vice-President Rice, of the Park Bank, and W. J. Arkell, of *Judge*, became Mr. Harrison's bondsmen. Judge L'Amoreaux, of Ballston Spa, is Mr. Harrison's counsel and W. L. Sweetzer his attorney.

What the Captain Had to Say at the Opening To-Day.

By Telegraph to The Freeman.

WASHINGTON, April 11.—The Court Martial appointed to try Captain Armes for conduct unbecoming an officer and a gentleman met at the War Department this forenoon. In response to the question whether he had any objection to the composition of the Court, Captain Armes replied in the negative, but suggested that in this case the cart has been placed before the horse, and that not he but Captain Bourke and Colonel Gibson, who had made the charges against him, should be standing upon trial. He referred to Colonel Barr as the officer who had been Secretary of War for Secretary Lincoln.

RUSSELL'S SPEECH FOR PARNELLITES.

The "Times'" Publications Were a Serious and Reckless Calumny.

By Cable to The Freeman.

LONDON, April 11.—Sir Charles Russell continued his speech in behalf of the Parnellites, before the Parnell Commission, to-day. He declared the publication by the *Times* of the forged letters and the articles on Parnellism and crime was a serious and reckless calumny. He characterized the manner adopted by the prosecution in abandoning the charges based on the forged letters and the tone of the *Times'* apology as most ungenerous. "Mr. Parnell's only care now," Sir Charles said, "is to unmask what he believed to be a foul plot against him."

Street Car Strike.

By Telegraph to The Freeman.

MINNEAPOLIS, April 11.—The employes of several street car lines struck, to-day. The cause was a desire of the managers to retrench by cutting down the wages of the employes. Suit Brought Against the Sergeant-at-Arms of the U. S. Senate.

By Telegraph to The Freeman.

WASHINGTON, April 11.—General Mahone, Senator Jones, of Nevada, and others have brought suit against W. P. Canady, Sergeant-at-Arms of the Senate, ex-Congressman Russell, of North-Carolina, and E. R. Brick, former Postmaster at Wilmington, in connection with the operations of the Wilmington Creosote and Lumber Company. All the parties are stockholders, and the Company was organized by Canady. It is alleged that fraudulent issues of stock were made and the proceeds converted for private use. A receiver is asked for and an injunction against any further issue of stock. While not so stated in the bill, it is said General Mahone and Senator Jones dropped about $15,000 each, and Don Cameron about $12,000 in the enterprise. The bill makes a direct charge of fraud and conspiracy.

Weather Indications.

WASHINGTON, April 11. — *Indications for Friday: Fair weather, followed by light rains.*

THE MEN WHO MAKE OUR LAWS.

The New York *Times* has published a very instructive series of tables concerning the representatives in government in the United State, England and France. The 333 Representatives in the lower House of the American Congress are divided as follows:

Professional men	264
Industry	24
Commerce and trade	24
Agriculture	21
Total	333

In France, the next greatest republic, the following is the division in the Chamber of Deputies:

Professional men	270
Officeholders	95
Industry	81
Agriculture	72
Commerce and trade	62
Total	580

In England, the greatest monarchy, the division is as follows in the House of Commons:

Agriculture	162
Industry	161
Commerce and trrde	127
Professional men	107
Army and navy	66
Officeholders	47
Total	670

Our system of elections brings the government nearer to the people than that of any other nation, and yet it appears that our various interests are not represented in proportion to their importance. Agriculture claims half the voting force of the country, but the farmers elect of their own number only one-sixteenth of our representatives. The industrial ranks are in the majority in the great cities and wherever the farmers are not, and yet their proportion of representatives is only one in fourteen. Commerce and trade controls more members and power than the professions, but we find their proportion to be the same as that of industry. The professions have succeeded in seizing four-fifths of the places in the popular branch of Congress.

We next come to the table which shows the division of the professions in Congress. Here it is:

Lawyers engaged in practice	220
Professional politicians	18
Editors	12
Doctors	7
Ministers	5
Labor delegates	2

The practicing lawyers, it appears, have taken two-thirds of the places. This explains why legislation is shaped continually in favor of this single profession, and why the interests of agriculture, industry and commerce are neglected. Would a Congress of farmers, workingmen, manufacturers or even commercial men have passed the Mills free trade bill? It was a bill adapted to the interests of men in professional occupations, for it proposed to make certain things cheaper in which professional men indulge, but which farmers and workingmen can hardly afford. The practicing lawyer is not a more ardent free trader than the college tutor. Neither of these expects to have his income injuriously affected by free trade legislation, while he hopes to get his clothing, hats, silks and imported carpets a little cheaper.

Coming to England, a government which is not supposed to be near to the people because of the restrictions yet put upon the suffrage, we find the professions crowded into a small corner in the House of Commons. The practicing lawyer is not master there. The professional men, all told, comprise less than one-sixth of the whole, and even by combining with the office-holders and army and navy men would be unable to defeat a two-thirds bill. Agriculture and industry divide the House almost equally with the other vocations. The farmers and workingmen of England show a more lively regard for their own interests than their brethren in America. They are sending their representative men to Parliament.

It is absurd to claim that our country is lacking in men of requisite ability, outside of the legal circles, to conduct the business of Congress. A score of farmers or of workingmen can be found in every district who can cope with the ablest lawyers in the work of legislation. Why are they not selected, as they are in England? For the reason, chiefly, that people who work are too busy to give much attention to politics. Lawyers with small practice have more time to attend and pack caucuses and solicit voters. They want the office for the salary.

In England the member of Parliament receives no pay, hence the professional man is not eager for the place. Men go to Parliament to advocate great and vital interests in which they are concerned. Agriculture and labor are both constantly agitating for better laws. Immense progress has been made there since the people began to send their own representatives to Parliament. Our country needs more men in Congress of broad and patriotic spirit and fewer of those who go there to increase the meager and disappointing incomes that their profession yields.

THE OLDEST POSTMASTER.

The following letter from Roswell Beardsley, Postmaster at North Lansing, Tompkins county, to an old acquaintance, ought to settle a good many misstatements that are now floating around in regard to the oldest Postmaster:

NORTH LANSING, N. Y., April 9, 1889.

E. L. CLARK: Dear Sir—Your welcome letter with slip enclosed came to hand by this morning's mail, and in answer to it would say that I wrote to Washington some two years ago making enquiries as to the oldest Postmaster, and they replied that I was the oldest in continual service, and that I received the appointment June 28, 1828, which corresponded with my minutes. I now have the commission in my office. I was appointed 7 days before I was 19 years old. I was born July 5th, 1809, and will be 80 my next birth day, July 5th, 1889, if I should reach it, and at this time am enjoying good health and am so that I get to and look to business through the day much as I did when you lived in these parts. And in all these years I have been able to sign my quarterly reports to the government. I have always claimed to be a Democrat when I have voted for President. Did not vote for Buchanan. I supported President Lincoln's administration, as I thought him to be right. I have not taken a very active part in politics for years, voting for the one I thought to be the best man. With kind regards to yourself and family, I remain, yours respectfully.

R. BEARDSLEY.

N. B.—And I would say that I have not used any cider, wine, beer or spirits of any kind in over fifty-nine years, or any stimulants of any kind. R. B.

Mr. Beardsley is a merchant, and all these years has kept a country store. North Lansing was a small hamlet twenty years ago, but since a railroad passed through the place it has become a village of some importance, as it is in the centre of a large and flourishing farming region in one of the most fertile sections of the state. Forty years ago Mr. Beardsley was understood to possess a comfortable competence, and had a very interesting family of children whom he carefully educated. He has been in all respects a first-class citizen, and his neighbors and acquaintances are very proud of the national reputation that he has acquired by his long and faithful service. May he live to celebrate his "golden wedding" with the North Lansing Postoffice.

COMING AROUND.

Now that George William Curtis has been retired from political labor on a pension, *Harper's Weekly* sometimes exhibits a streak of candor and fairness. A week ago it declared that the test of President Harrison's siccerity as a friend of civil service reform would be afforded by the New-York postoffice, and demanded the retention of Mr. Pierson. In the current issue it gives Postmaster VanCott the following first-rate notice:

> Two years ago he [Mr. VanCott] was elected State Senator from the eighth district, and was one of the committee which investigated the aqueduct scandals last year. In this work and in his routine duties in the upper branch of the Legislature he earned a solid reputation for industry and sagacity. Mr. VanCott has always been an ardent Republican, rigid in his support of his party ticket at the polls. As President of the Lincoln club, as member of the Republican state committee, and of the New York County campaign committee, he undoubtedly performed efficient services for the election of President Harrison. Mr. VanCott is a machine politician, and thoroughly believes in scientific political engineering, but he is very generally credited with the executive ability which is essential to the head of the great postoffice of which he is to take charge.

We notice a good many significant signs of the *Weekly's* anxiety to make terms with the Republican party. Its owners have a sharp eye to the main chance, and are wide awake to the advantages that result from being on the winning side. The country remembers how fondly the Harpers loved Mr. Blaine when they expected to greet the "foremost statesman of his time" in front of their establishment, and to help him unload the manuscript of his history. It was not till he had carried the copy to the publishing house of the Websters that they discovered his unworthiness,

PUBLIC OPINION.

An undeniably attractive and skillful Republican federal administration is here.—*Brooklyn Eagle, Dem.*

President Harrison, according to a correspondent, can joke in Latin. Let him beware of English. That was what bothered his predecessor's administration.—*Rochester Herald.*

We think we are a very clever people, and yet we have left shingled roofs unpainted for years while the shingles needed the paint more than any other part of the building.—*Buffalo Times.*

General Greely declares that ten years ago the making of an occasional accurate weather prediction was a cause of much wonder. So it is to-day, General; so it is to-day!—*Philadelphia Record.*

Some of the fellows who were claiming a little while ago to have discovered Harrison are now kicking themselves because they didn't take him into the woods and lose him.—*Philadelphia Times.*

Child-labor is barbarism. In a land of abundance, it is monstrous to rob little ones of their childhood. The cares and sorrows and struggles of life must be taken up early enough at best.—*Troy Press.*

If Dave Hill is making his calculations for 1892 and leaving Grover Cleveland out of them, he is reckoning without his host. The Cleveland campaign of revenge has been begun already.—*Buffalo Express.*

The Postmaster-General announces through Assistant Clarkson, a great reduction in a choice lot of fourth-class Democratic Postmasters. They are reduced to make room for a new lot.—*Rochester Post-Express.*

A Kentucky Sheriff, converted at a revival, has confessed that he wronged a neighbor out of $1,000, and has returned the money with interest. Kentucky religion is as potent as Kentucky whisky.—*Graphic.*

A church in Illinois is to have real pigs in a game of pigs in the clover at a benefit fair. The partitions will be set up on the floor of the hall, and the man who chases all the pigs into the pen will get them. This is indeed an age of realism.—*Detroit Tribune.*

Not a single Democrat, not one, in the Assembly of the state of New York to vote for temperance reform. Isn't that a pretty hard record, fellow citizens? Think of it on general moral principles, not political, and see what you make of it. Then remember it.—*Elmira Advertiser.*

It is believed that Gov. Hill will pass his insolent veto through the pending bill. The expectation rests partly on an understanding of his character; partly on the argument that a creature spawned by the depraved influences in politics will consistently reveal his political descent; partly on the fact that he caused the Linson bill to be contrived, as a shield from behind which to strike at true ballot reform.—*Syracuse Standard.*

George William Curtis, in *Harper's Weekly*, speaks of the Republican Liberals of 1872, who were led by such gallant fighters as Chauncey M. Depew, Murat Halstead, Whitelaw Reid and Frank Hiscock, as "the Mugwumps of 1872!" That is a good deal like speaking of a dunghill rooster as a game cock. The poor Mugwumps! A decimated and demoralized rump, they would liken themselves to and claim relationship with Republican bolters in the past who had some principle and vitality about them. It is a wonder they do not apply the epithet "Mugwump" to the heroic Barnburners of '48.—*Rochester Union, Dem.*

SPECIAL BUSINESS NOTICES.

My boy [three years old] was recently taken with cold in the head. It seemed finally to settle in his nose, which was stopped up for days and nights so that it was difficult for him to breathe and sleep. I called a physician, who prescribed, but did him no good. Finally I went to the drug store and got a bottle of Ely's Cream Balm. It seemed to work like magic. The boy's nose was clear in two days, and he has been all right ever since.—E. J. Hazzard, New-York.

Catarrh is a common disease, so common that snuffing and "hawking" reach you at every turn. The proprietors of Dr. Sage's Catarrh Remedy offer $500 reward for a case of Catarrh which they cannot cure. Remedy sold by druggists at 50 cents.

ARRESTED 131 TIMES.

Not long ago a man was before a New-York judge who asserted he had been arrested 131 times. We believe there is one disturber of society who has broken this record. We refer to the insiduous disease consumption, which, when taken in time, is always arrested by the use of Dr. Pierce's Golden Medical Discovery. It has an unparalled record as a cure for coughs, colds, and all forms of pulmonary diseases. It is a reliable tonic and alterative, or blood-purifier, to be found at every drug stores, and should be kept in every house.

This combined action gives it wonderful power to cure all diseases.

WHY ARE WE SICK?

Because we allow the nerves to remain weakened and irritated and these great organs to become clogged or torpid and poisonous humors are therefore forced into the blood that should be expelled naturally.

Total	333

In France, the next greatest republic, the following is the division in the Chamber of Deputies:

Professional men	270
Officeholders	95
Industry	81
Agriculture	72
Commerce and trade	62
Total	580

In England, the greatest monarchy, the division is as follows in the House of Commons:

Agriculture	162
Industry	161
Commerce and trrde	127
Professional men	107
Army and navy	66
Officeholders	47
Total	670

Our system of elections brings the government nearer to the people than that of any other nation, and yet it appears that our various interests are not represented in proportion to their importance. Agriculture claims half the voting force of the country, but the farmers elect of their own number only one-sixteenth of our representatives. The industrial ranks are in the majority in the great cities and wherever the farmers are not, and yet their proportion of representatives is only one in fourteen. Commerce and trade controls more members and power than the professions, but we find their proportion to be the same as that of industry. The professions have succeeded in seizing four-fifths of the places in the popular branch of Congress.

We next come to the table which shows the division of the professions in Congress. Here it is:

Lawyers engaged in practice	220
Professional politicians	18
Editors	12
Doctors	7
Ministers	5
Labor delegates	2

The practicing lawyers, it appears, have taken two-thirds of the places. This explains why legislation is shaped continually in favor of this single profession, and why the interests of agriculture, industry and commerce are neglected. Would a Congress of farmers, workingmen, manufacturers or even commercial men have passed the Mills free trade bill? It was a bill adapted to the interests of men in professional occupations, for it proposed to make certain things cheaper in which professional men indulge, but which farmers and workingmen can hardly afford. The practicing lawyer is not a more ardent free trader than the college tutor. Neither of these expects to have his income injuriously affected by free trade legislation, while he hopes to get his clothing, hats, silks and imported carpets a little cheaper.

Coming to England, a government which is not supposed to be near to the people because of the restrictions yet put upon the suffrage, we find the professions crowded into a small corner in the House of Commons. The practicing lawyer is not master there. The professional men, all told, comprise less than one-sixth of the whole, and even by combining with the office-holders and army and navy men would be unable to defeat a two-thirds bill. Agriculture and industry divide the House almost equally with the other vocations. The farmers and workingmen of England show a more lively regard for their own interests than their brethren in America. They are sending their representative men to Parliament.

It is absurd to claim that our country is lacking in men of requisite ability, outside of the legal circles, to conduct the business of Congress. A score of farmers or of workingmen can be found in every district who can cope with the ablest lawyers in the work of legislation. Why are they not selected, as they are in England? For the reason, chiefly, that people who work are too busy to give much attention to politics. Lawyers with small practice have more time to attend and pack caucuses and solicit voters. They want the office for the salary.

In England the member of Parliament receives no pay, hence the professional man is not eager for the place. Men go to Parliament to advocate great and vital interests in which they are concerned. Agriculture and labor are both constantly agitating for better laws. Immense progress has been made there since the people began to send their own representatives to Parliament. Our country needs more men in Congress of broad and patriotic spirit and fewer of those who go there to increase the meager and disappointing incomes that their profession yields.

THE OLDEST POSTMASTER.

The following letter from Roswell Beardsley, Postmaster at North Lansing, Tompkins county, to an old acquaintance, ought to settle a good many misstatements that are now floating around in regard to the oldest Postmaster:

NORTH LANSING, N. Y., April 9, 1889.

E. L. CLARK: Dear Sir—Your welcome letter with slip enclosed came to hand by this morning's mail, and in answer to it would say that I wrote to Washington some two years ago making enquiries as to the oldest Postmaster, and they replied that I was the oldest in continual service, and that I received the appointment June 28, 1828, which corresponded with my minutes. I now have the commission in my office. I was appointed 7 days before I was 19 years old. I was born July 5th, 1809, and will be 80 my next birth day, July 5th, 1889, if I should reach it, and at this time am enjoying good health and am so that I get to and look to business through the day much as I did when you lived in these parts. And in all these years I have been able to sign my quarterly reports to the government. I have always claimed to be a Democrat when I have voted for President. Did not vote for Buchanan. I supported President Lincoln's administration, as I thought him to be right. I have not taken a very active part in politics for years, voting for the one I thought to be the best man. With kind regards to yourself and family, I remain, yours respectfully.

R. BEARDSLEY.

N. B.—And I would say that I have not used any cider, wine, beer or spirits of any kind in over fifty-nine years, or any stimulants of any kind. R. B.

Mr. Beardsley is a merchant, and all these years has kept a country store. North Lansing was a small hamlet twenty years ago, but since a railroad passed through the place it has become a village of some importance, as it is in the centre of a large and flourishing farming region in one of the most fertile sections of the state. Forty years ago Mr. Beardsley was understood to possess a comfortable competence, and had a very interesting family of children whom he carefully educated. He has been in all respects a first-class citizen, and his neighbors and acquaintances are very proud of the national reputation that he has acquired by his long and faithful service. May he live to celebrate his "golden wedding" with the North Lansing Postoffice.

COMING AROUND.

Now that George William Curtis has been retired from political labor on a pension, *Harper's Weekly* sometimes exhibits a streak of candor and fairness. A week ago it declared that the test of President Harrison's sincerity as a friend of civil service reform would be afforded by the New-York postoffice, and demanded the retention of Mr. Pierson. In the current issue it gives Postmaster VanCott the following first-rate notice:

Two years ago he [Mr. VanCott] was elected State Senator from the eighth district, and was one of the committee which investigated the aqueduct scandals last year. In this work and in his routine duties in the upper branch of the Legislature he earned a solid reputation for industry and sagacity. Mr. VanCott has always been an ardent Republican, rigid in his support of his party ticket at the polls. As President of the Lincoln club, as member of the Republican state committee, and of the New York County campaign committee, he undoubtedly performed efficient services for the election of President Harrison. Mr. VanCott is a machine politician, and thoroughly believes in scientific political engineering, but he is very generally credited with the executive ability which is essential to the head of the great postoffice of which he is to take charge.

We notice a good many significant signs of the *Weekly's* anxiety to make terms with the Republican party. Its owners have a sharp eye to the main chance, and are wide awake to the advantages that result from being on the winning side. The country remembers how fondly the Harpers loved Mr. Blaine when they expected to greet the "foremost statesman of his time" in front of their establishment, and to help him unload the manuscript of his history. It was not till he had carried the copy to the publishing house of the Websters that they discovered his unworthiness,

PUBLIC OPINION.

An undeniably attractive and skillful Republican federal administration is here.—*Brooklyn Eagle, Dem.*

President Harrison, according to a correspondent, can joke in Latin. Let him beware of English. That was what bothered his predecessor's administration.—*Rochester Herald.*

We think we are a very clever people, and yet we have left shingled roofs unpainted for years while the shingles needed the paint more than any other part of the building.—*Buffalo Times.*

General Greely declares that ten years ago the making of an occasional accurate weather prediction was a cause of much wonder. So it is to-day, General; so it is to-day!—*Philadelphia Record.*

Some of the fellows who were claiming a little while ago to have discovered Harrison are now kicking themselves because they didn't take him into the woods and lose him. —*Philadelphia Times.*

Child-labor is barbarism. In a land of abundance, it is monstrous to rob little ones of their childhood. The cares and sorrows and struggles of life must be taken up early enough at best.—*Troy Press.*

If Dave Hill is making his calculations for 1892 and leaving Grover Cleveland out of them, he is reckoning without his host. The Cleveland campaign of revenge has been begun already.—*Buffalo Express.*

The Postmaster-General announces through Assistant Clarkson, a great reduction in a choice lot of fourth-class Democratic Postmasters. They are reduced to make room for a new lot.—*Rochester Post-Express.*

A Kentucky Sheriff, converted at a revival, has confessed that he wronged a neighbor out of $1,000, and has returned the money with interest. Kentucky religion is as potent as Kentucky whisky.—*Graphic.*

A church in Illinois is to have real pigs in a game of pigs in the clover at a benefit fair. The partitions will be set up on the floor of the hall, and the man who chases all the pigs into the pen will get them. This is indeed an age of realism.—*Detroit Tribune.*

Not a single Democrat, not one, in the Assembly of the state of New York to vote for temperance reform. Isn't that a pretty hard record, fellow citizens? Think of it on general moral principles, not political, and see what you make of it. Then remember it. —*Elmira Advertiser.*

It is believed that Gov. Hill will pass his insolent veto through the pending bill. The expectation rests partly on an understanding of his character; partly on the argument that a creature spawned by the depraved influences in politics will consistently reveal his political descent; partly on the fact that he caused the Linson bill to be contrived, as a shield from behind which to strike at true ballot reform.—*Syracuse Standard.*

George William Curtis, in *Harper's Weekly*, speaks of the Republican Liberals of 1872, who were led by such gallant fighters as Chauncey M. Depew, Murat Halstead, Whitelaw Reid and Frank Hiscock, as "the Mugwumps of 1872!" That is a good deal like speaking of a dunghill rooster as a game cock. The poor Mugwumps! A decimated and demoralized rump, they would liken themselves to and claim relationship with Republocan bolters in the past who had some principle and vitality about them. It is a wonder they do not apply the epithet "Mugwump" to the heroic Barnburners of '48.—*Rochester Union, Dem.*

SPECIAL BUSINESS NOTICES.

My boy [three years old] was recently taken with cold in the head. It seemed finally to settle in his nose, which was stopped up for days and nights so that it was difficult for him to breathe and sleep. I called a physician, who prescribed, but did him no good. Finally I went to the drug store and got a bottle of Ely's Cream Balm. It seemed to work like magic. The boy's nose was clear in two days, and he has been all right ever since.—E. J. Hazzard, New-York.

Catarrh is a common disease, so common that snuffing and "hawking" reach you at every turn. The proprietors of Dr. Sage's Catarrh Remedy offer $500 reward for a case of Catarrh which they cannot cure. Remedy sold by druggists at 50 cents.

ARRESTED 131 TIMES.

Not long ago a man was before a New-York judge who asserted he had been arrested 131 times. We believe there is one disturber of society who has broken this record. We refer to the insiduous disease consumption, which, when taken in time, is always arrested by the use of Dr. Pierce's Golden Medical Discovery. It has an unparalled record as a cure for coughs, colds, and all forms of pulmonary diseases. It is a reliable tonic and alterative, or blood-purifier, to be found at every drug stores, and should be kept in every house.

DON'T GET CAUGHT

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid, and whole system liable to be prostrated by disease—but get yourself into good condition, and ready for the changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving appetite, and for a general spring medicine.

If you had taken two of Carter's Little Liver Pills before retiring you would not have had that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use.

THE MEN WHO MAKE OUR LAWS.

The New York *Times* has published a very instructive series of tables concerning the representatives in government in the United State, England and France. The 333 Representatives in the lower House of the American Congress are divided as follows:

Professional men	264
Industry	24
Commerce and trade	24
Agriculture	21
Total	333

In France, the next greatest republic, the following is the division in the Chamber of Deputies:

Professional men	270
Officeholders	95
Industry	81
Agriculture	72
Commerce and trade	62
Total	580

In England, the greatest monarchy, the division is as follows in the House of Commons:

Agriculture	162
Industry	161
Commerce and trrde	127
Professional men	107
Army and navy	66
Officeholders	47
Total	670

Our system of elections brings the government nearer to the people than that of any other nation, and yet it appears that our various interests are not represented in proportion to their importance. Agriculture claims half the voting force of the country, but the farmers elect of their own number only one-sixteenth of our representatives. The industrial ranks are in the majority in the great cities and wherever the farmers are not, and yet their proportion of representatives is only one in fourteen. Commerce and trade controls more members and power than the professions, but we find their proportion to be the same as that of industry. The professions have succeeded in seizing four-fifths of the places in the popular branch of Congress.

We next come to the table which shows the division of the professions in Congress. Here it is:

Lawyers engaged in practice	220
Professional politicians	18
Editors	12
Doctors	7
Ministers	5
Labor delegates	2

The practicing lawyers, it appears, have taken two-thirds of the places. This explains why legislation is shaped continually in favor of this single profession, and why the interests of agriculture, industry and commerce are neglected. Would a Congress of farmers, workingmen, manufacturers or even commercial men have passed the Mills free trade bill? It was a bill adapted to the interests of men in professional occupations, for it proposed to make certain things cheaper in which professional men indulge, but which farmers and workingmen can hardly afford. The practicing lawyer is not a more ardent free trader than the college tutor. Neither of these expects to have his income injuriously affected by free trade legislation, while he hopes to get his clothing, hats, silks and imported carpets a little cheaper.

Coming to England, a government which is not supposed to be near to the people because of the restrictions yet put upon the suffrage, we find the professions crowded into a small corner in the House of Commons. The practicing lawyer is not master there. The professional men, all told, comprise less than one-sixth of the whole, and even by combining with the office-holders and army and navy men would be unable to defeat a two-thirds bill. Agriculture and industry divide the House almost equally with the other vocations. The farmers and workingmen of England show a more lively regard for their own interests than their brethren in America. They are sending their representative men to Parliament.

It is absurd to claim that our country is lacking in men of requisite ability, outside of the legal circles, to conduct the business of Congress. A score of farmers or of workingmen can be found in every district who can cope with the ablest lawyers in the work of legislation. Why are they not selected, as they are in England? For the reason, chiefly, that people who work are too busy to give much attention to politics. Lawyers with small practice have more time to attend and pack caucuses and solicit voters. They want the office for the salary.

In England the member of Parliament receives no pay, hence the professional man is not eager for the place. Men go to Parliament to advocate great and vital interests in which they are concerned. Agriculture and labor are both constantly agitating for better laws. Immense progress has been made there since the people began to send their own representatives to Parliament. Our country needs more men in Congress of broad and patriotic spirit and fewer of those who go there to increase the meager and disappointing incomes that their profession yields.

THE OLDEST POSTMASTER.

The following letter from Roswell Beardsley, Postmaster at North Lansing, Tompkins county, to an old acquaintance, ought to settle a good many misstatements that are now floating around in regard to the oldest Postmaster:

NORTH LANSING, N. Y., April 9, 1889.

E. L. CLARK: Dear Sir—Your welcome letter with slip enclosed came to hand by this morning's mail, and in answer to it would say that I wrote to Washington some two years ago making enquiries as to the oldest Postmaster, and they replied that I was the oldest in continual service, and that I received the appointment June 28, 1828, which corresponded with my minutes. I now have the commission in my office. I was appointed 7 days before I was 19 years old. I was born July 5th, 1809, and will be 80 my next birth day, July 5th, 1889, if I should reach it, and at this time am enjoying good health and am so that I get to and look to business through the day much as I did when you lived in these parts. And in all these years I have been able to sign my quarterly reports to the government. I have always claimed to be a Democrat when I have voted for President. Did not vote for Buchanan. I supported President Lincoln's administration, as I thought him to be right. I have not taken a very active part in politics for years, voting for the one I thought to be the best man. With kind regards to yourself and family, I remain, yours respectfully.

R. BEARDSLEY.

N. B.—And I would say that I have not used any cider, wine, beer or spirits of any kind in over fifty-nine years, or any stimulants of any kind. R. B.

Mr. Beardsley is a merchant, and all these years has kept a country store. North Lansing was a small hamlet twenty years ago, but since a railroad passed through the place it has become a village of some importance, as it is in the centre of a large and flourishing farming region in one of the most fertile sections of the state. Forty years ago Mr. Beardsley was understood to possess a comfortable competence, and had a very interesting family of children whom he carefully educated. He has been in all respects a first-class citizen, and his neighbors and acquaintances are very proud of the national reputation that he has acquired by his long and faithful service. May he live to celebrate his "golden wedding" with the North Lansing Postoffice.

COMING AROUND.

Now that George William Curtis has been retired from political labor on a pension, *Harper's Weekly* sometimes exhibits a streak of candor and fairness. A week ago it declared that the test of President Harrison's siccerity as a friend of civil service reform would be afforded by the New-York postoffice, and demanded the retention of Mr. Pierson. In the current issue it gives Postmaster VanCott the following first-rate notice:

Two years ago he [Mr. VanCott] was elected State Senator from the eighth district, and was one of the committee which investigated the aqueduct scandals last year. In this work and in his routine duties in the upper branch of the Legislature he earned a solid reputation for industry and sagacity. Mr. VanCott has always been an ardent Republican, rigid in his support of his party ticket at the polls. As President of the Lincoln club, as member of the Republican state committee, and of the New York County campaign committee, he undoubtedly performed efficient services for the election of President Harrison. Mr. VanCott is a machine politician, and thoroughly believes in scientific political engineering, but he is very generally credited with the executive ability which is essential to the head of the great postoffice of which he is to take charge.

We notice a good many significant signs of the *Weekly's* anxiety to make terms with the Republican party. Its owners have a sharp eye to the main chance, and are wide awake to the advantages that result from being on the winning side. The country remembers how fondly the Harpers loved Mr. Blaine when they expected to greet the "foremost statesman of his time" in front of their establishment, and to help him unload the manuscript of his history. It was not till he had carried the copy to the publishing house of the Websters that they discovered his unworthiness,

PUBLIC OPINION.

An undeniably attractive and skillful Republican federal administration is here.—*Brooklyn Eagle, Dem.*

President Harrison, according to a correspondent, can joke in Latin. Let him beware of English. That was what bothered his predecessor's administration.—*Rochester Herald.*

We think we are a very clever people, and yet we have left shingled roofs unpainted for years while the shingles needed the paint more than any other part of the building.—*Buffalo Times.*

General Greely declares that ten years ago the making of an occasional accurate weather prediction was a cause of much wonder. So it is to-day, General; so it is to-day!—*Philadelphia Record.*

Some of the fellows who were claiming a little while ago to have discovered Harrison are now kicking themselves because they didn't take him into the woods and lose him. —*Philadelphia Times.*

Child-labor is barbarism. In a land of abundance, it is monstrous to rob little ones of their childhood. The cares and sorrows and struggles of life must be taken up early enough at best.—*Troy Press.*

If Dave Hill is making his calculations for 1892 and leaving Grover Cleveland out of them, he is reckoning without his host. The Cleveland campaign of revenge has been begun already.—*Buffalo Express.*

The Postmaster-General announces through Assistant Clarkson, a great reduction in a choice lot of fourth-class Democratic Postmasters. They are reduced to make room for a new lot.—*Rochester Post-Express.*

A Kentucky Sheriff, converted at a revival, has confessed that he wronged a neighbor out of $1,000, and has returned the money with interest. Kentucky religion is as potent as Kentucky whisky.—*Graphic.*

A church in Illinois is to have real pigs in a game of pigs in the clover at a benefit fair. The partitions will be set up on the floor of the hall, and the man who chases all the pigs into the pen will get them. This is indeed an age of realism.—*Detroit Tribune.*

Not a single Democrat, not one, in the Assembly of the state of New York to vote for temperance reform. Isn't that a pretty hard record, fellow citizens? Think of it on general moral principles, not political, and see what you make of it. Then remember it. —*Elmira Advertiser.*

It is believed that Gov. Hill will pass his insolent veto through the pending bill. The expectation rests partly on an understanding of his character; partly on the argument that a creature spawned by the depraved influences in politics will consistently reveal his political descent; partly on the fact that he caused the Linson bill to be contrived, as a shield from behind which to strike at true ballot reform.—*Syracuse Standard.*

George William Curtis, in *Harper's Weekly*, speaks of the Republican Liberals of 1872, who were led by such gallant fighters as Chauncey M. Depew, Murat Halstead, Whitelaw Reid and Frank Hiscock, as "the Mugwumps of 1872!" That is a good deal like speaking of a dunghill rooster as a game cock. The poor Mugwumps! A decimated and demoralized rump, they would liken themselves to and claim relationship with Republocan bolters in the past who had some principle and vitality about them. It is a wonder they do not apply the epithet "Mugwump" to the heroic Barnburners of '48.—*Rochester Union, Dem.*

SPECIAL BUSINESS NOTICES.

My boy [three years old] was recently taken with cold in the head. It seemed finally to settle in his nose, which was stopped up for days and nights so that it was difficult for him to breathe and sleep. I called a physician, who prescribed, but did him no good. Finally I went to the drug store and got a bottle of Ely's Cream Balm. It seemed to work like magic. The boy's nose was clear in two days, and he has been all right ever since.—E. J. Hazzard, New-York.

MARRY YOUR SONS WHEN YOU WILL, YOUR DAUGHTERS WHEN YOU CAN,

But in either case counsel them to use nothing but Hop Ointment for chapped hands and lips, sore nose, cold cracks and rough, pimply skin. Never fails. All druggists, 25 and 50 cents, or mail stamps to Hop Co., New-London, Conn.

Catarrh is a common disease, so common that snuffing and "hawking" reach you at every turn. Your foot slips in its nasty discharge, in the omnibus or in church, and its stench disgusts at the lecture or concert. The proprietors of Dr. Sage's Catarrh Remedy offer $500 reward for a case of Catarrh which they cannot cure. Remedy sold by druggists at 50 cents.

ARRESTED 131 TIMES.

Not long ago a man was before a New-York judge who asserted he had been arrested 131 times. We believe there is one disturber of society who has broken this record. We refer to the insiduous disease consumption, which, when taken in time, is always arrested by the use of Dr. Pierce's Golden Medical Discovery. It has an unparalled record as a cure for coughs, colds, and all forms of pulmonary diseases. It is a reliable tonic and alterative, or blood-purifier, to be found at every drug stores, and should be kept in every house.

DON'T GET CAUGHT

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid, and whole system liable to be prostrated by disease—but get yourself into good condition, and ready for the changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving appetite, and for a general spring medicine.

If you had taken two of Carter's Little Liver Pills before retiring you would not have had that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Disease—General Debility, Insomnia, Paralysis and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches and vitalizes the blood and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla in my family for years. I have found it invaluable as

A Cure

for Nervous Debility caused by an inactiv liver and a low state of the blood."--Hear Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. have only used this medicine six months, but it has relieved me from my trouble and enabled me to resume work."—J. P. Carzanett, Perry, Ill.

"I have been a practicing physician for over half a century, and during that time I have never found so powerful and reliable an alterative and blood purifier as Ayer's Sarsaparilla."—Dr. M. Maxstart, Louisville, Ky

RHEUMATISM.

For More than Twenty-five Years—A Complete Recovery—The Means Used.

I had Inflammatory Rheumatism. For nearly a year I had to be fed and turned in bed. I could find no relief. My stomach was ruined with powerful medicines taken to effect a cure so that I was compelled to live on bread and water. I suffered for twenty-five years in this way. I was induced to try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and

I Am Now Well,

thanks to his medicine. Dr. Kennedy's Favorite Remedy is my best friend. By its use I am enabled to enjoy a good night's rest; also food, such as meat and pastry, which I have been deprived for years, showing that the Favorite Remedy has no equal for the cure of Indigestion and Dyspepsia as well. If any should doubt this statement, I will send the ready proof at once.—GARRETT LANSING, Troy, N. Y.

It is my pleasure and absolute duty toward those who are struggling for very life against the deadly

Disease of the Kidneys

to add testimony to the wonderful efficacy of Dr. Kennedy's Favorite Remedy. My wife was in a hopeless condition, despaired of by the physicians. Dr. David Kennedy's Favorite Remedy was resorted to; not because any hope was placed in it, but because nothing else remained. The effect was little short of a miracle. With the use of the second bottle, she regained her strength and continuing the treatment has fully recovered—JAY SWEET, Albany, N. Y.

BOOMERS FEEL PANICKY.

STATE LINE OF KANSAS IS DOTTED WITH "PRAIRIE SCHOONERS."

Forming Into Small Colonies—Decision in a Note Case—Fast Time Made by a Steamship—Other Telegraph News Received To-Day.

By Telegraph to The Freeman.

ARKANSAS CITY, Kas., April 11.—The population of this City has increased one-third during the past week. Two thousand eager boomers are here, and at least another thousand are along the line south of here. The half-dozen hardware stores have sold out their entire stock, and the demand is not half supplied. The boomers are forming into small colonies of 25 to 50 persons, and are devising schemes to outwit their neighbors and get into the heart of Oklahoma by the appointed time. There is a feeling all along the border that there will be a general forward movement into the Territory on the night of April 20. Boomers who have been here all winter have picked out their land and are suspicious and afraid of new-comers. They have pickets hiding in Oklahoma who are keeping them posted. The boomers on the Texas border are impatient and may march in before the twenty-second and seize their claims before daylight on that date. A panicky feeling prevails all around, and threats of a sanguinary character are being made by old boomers. They claim they started the agitation that led to the opening of the territory, and that now land sharks are trying to get possession of their property. The State line for hundreds of miles is dotted with "prairie schooners." All are preparing for the rush into the promised land. Many settlers whose geography is faulty are already from 10 to 15 miles in the territory and still claim they are in Kansas.

Fast Time by City of Paris.

By Telegraph to The Freeman.

NEW YORK, April 11.—The steamer City of Paris made the passage from Queenstown to New-York in six days, 18 hours and 53 minutes. It was expected the new steamer would make the trip within a very few hours of six days. Its failure to do so is attributed to the fact that the new machinery had not had time to smooth down, and because the weather was not favorable for a quick voyage.

Decision in a Note Case.

By Telegraph to The Freeman.

LINCOLN, Neb., April 11.—A Chicago broker brought suit some time ago against a Nebraska speculator on a note given to cover margins. The Supreme Court has decided that where there was no intention of the parties to purchase and receive the grain and no intention of the sellers to deliver the same, no recovery could be had.

SPECIAL BUSINESS NOTICES.

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Whooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complains. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child, and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always on hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

A SCRAP OF PAPER SAVES HER LIFE.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than 70 pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial bottles of this wonderful Discovery Free at VanDeusen's, Rondout, and F. J. R. Clarke's, Kingston, drug store.

PILES! PILES! ITCHING PILES.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

ARE YOU MADE miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin Shiloh's Vitalizer is a positive cure. Sold by Frederick J. R. Clark.

TRUTH IS TOUGH.

Does not Mr. Bryant say that "Truth will get well if she is run over by a locomotive, while error dies of lockjaw if she scratches her finger." The truth about Dr. Pierce's Pleasant Pellets will be found hard to suppress. All who take them find them gentle in their action but true in their work. Don't be afraid of mercury or anything harmful in them. They are purely vegetable and perfectly harmless. No use of taking the large, repulsive, nauseous pills. These Pellets (Little Liver Pills) are scarcely larger than mustard seeds. They cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion and Bilious Attacks, 25 cents a vial, by Druggists.

"MY SON IS A SON 'TILL HE GETS HIM A WIFE but my Daughter is my Daughter all the days of her life." Both my son and my daughter took Little Hop Pills regularly. It regulates the bowels and always cures sick or bilious headache, indigestion and kindred ills. All druggists, 25 cents, or mail stamps to Hop Co., New London, Conn.

"HACKMETACK," a lasting and fragrant perfume. Price 25 and 50 cents. Sold by Frederick J R. Clark.

Harsh purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you.

HOW REPULSIVE

Is bad breath, and yet how many otherwise attractive, polite and particular people afflict their friends with the foul odor of their breath. If there was no remedy for this it might excite our sympathy, but as there is no need of having a foul breath, it is an unpardonable breach of good manners to obtrude such an offence on good society.

Foul breath arises from disordered digestion which can be corrected by using Sulphur Bitters, and the result will be a pure, sweet breath.

If the liver and kidneys are sluggish and inactive, Hood's Sarsaparilla will arouse them to prompt and regular action. Take it now.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburnine, Depilatory, Acnine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Disease—General Debility, Insomnia, Paralysis and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches and vitalizes the blood and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla in my family for years. I have found it invaluable as

for Nervous Debility caused by an inactiv liver and a low state of the blood."—Hear Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. have only used this medicine six months, but it has relieved me from my trouble and enabled me to resume work."—J. P. Carzanett, Perry, Ill.

RHEUMATISM.

For More than Twenty-five Years—A Complete Recovery—The Means Used.

I had Inflammatory Rheumatism. For nearly a year I had to be fed and turned in bed. I could find no relief. My stomach was ruined with powerful medicines taken to effect a cure so that I was compelled to live on bread and water. I suffered for twenty-five years in this way. I was induced to try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and

I Am Now Well,

thanks to his medicine. Dr. Kennedy's Favorite Remedy is my best friend. By its use I am enabled to enjoy a good night's rest; also food, such as meat and pastry, which I have been deprived for years, showing that the Favorite Remedy has no equal for the cure of Indigestion and Dyspepsia as well. If any shou'd doubt this statement, I will send the ready proof at once.—GARRETT LANSING, Troy, N. Y.

It is my pleasure and absolute duty toward those who are struggling for very life against the deadly

Disease of the Kidneys

to add testimony to the wonderful efficacy of Dr. Kennedy's Favorite Remedy. My wife was in a hopeless condition, despaired of by the physicians. Dr. David Kennedy's Favorite Remedy was resorted to; not because any hope was placed in it, but because nothing else remained. The effect was little short of a miracle. With the use of the second bottle, she regained her strength and continuing the treatment has fully recovered.—JAY SWEET, Albany, N. Y.

BOOMERS FEEL PANICKY.

STATE LINE OF KANSAS IS DOTTED WITH "PRAIRIE SCHOONERS."

Forming Into Small Colonies—Decision in a Note Case—Fast Time Made by a Steamship—Other Telegraph News Received To-Day.

By Telegraph to The Freeman.

ARKANSAS CITY, Kas., April 11.—The population of this City has increased one-third during the past week. Two thousand eager boomers are here, and at least another thousand are along the line south of here. The half-dozen hardware stores have sold out their entire stock, and the demand is not half supplied. The boomers are forming into small colonies of 25 to 50 persons, and are devising schemes to outwit their neighbors and get into the heart of Oklahoma by the appointed time. There is a feeling all along the border that there will be a general forward movement into the Territory on the night of April 20. Boomers who have been here all winter have picked out their land and are suspicious and afraid of new-comers. They have pickets hiding in Oklahoma who are keeping them posted. The boomers on the Texas border are impatient and may march in before the twenty-second and seize their claims before daylight on that date. A panicky feeling prevails all around, and threats of a sanguinary character are being made by old boomers. They claim they started the agitation that led to the opening of the territory, and that now land sharks are trying to get possession of their property. The State line for hundreds of miles is dotted with "prairie schooners." All are preparing for the rush into the promised land. Many settlers whose geography is faulty are already from 10 to 15 miles in the territory and still claim they are in Kansas.

Fast Time by City of Paris.

By Telegraph to The Freeman.

NEW YORK, April 11.—The steamer City of Paris made the passage from Queenstown to New-York in six days, 18 hours and 53 minutes. It was expected the new steamer would make the trip within a very few hours of six days. Its failure to do so is attributed to the fact that the new machinery had not had time to smooth down, and because the weather was not favorable for a quick voyage.

The Supreme Court has decided that where there was no intention of the parties to purchase and receive the grain and no intention of the sellers to deliver the same, no recovery could be had.

SPECIAL BUSINESS NOTICES.

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Whooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complains. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child, and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always on hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

A SCRAP OF PAPER SAVES HER LIFE.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than 70 pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial bottles of this wonderful Discovery Free at VanDeusen's, Rondout, and F. J. R. Clarke's, Kingston, drug store.

PILES! PILES! ITCHING PILES.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

TRUTH IS TOUGH.

Does not Mr. Bryant say that "Truth will get well if she is run over by a locomotive, while error dies of lockjaw if she scratches her finger." The truth about Dr. Pierce's Pleasant Pellets will be found hard to suppress. All who take them find them gentle in their action but true in their work. Don't be afraid of mercury or anything harmful in them. They are purely vegetable and perfectly harmless. No use of taking the large, repulsive, nauseous pills. These Pellets (Little Liver Pills) are scarcely larger than mustard seeds. They cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion and Bilious Attacks, 25 cents a vial, by Druggists.

"MY SON IS A SON 'TILL HE GETS HIM A WIFE but my Daughter is my Daughter all the days of her life." Both my son and my daughter took Little Hop Pills regularly. It regulates the bowels and always cures sick or bilious headache, indigestion and kindred ills. All druggists, 25 cents, or mail stamps to Hop Co., New London, Conn.

Harsh purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you.

HOW REPULSIVE

Is bad breath, and yet how many otherwise attractive, polite and particular people afflict their friends with the foul odor of their breath. If there was no remedy for this it might excite our sympathy, but as there is no need of having a foul breath, it is an unpardonable breach of good manners to obtrude such an offence on good society.

Foul breath arises from disordered digestion which can be corrected by using Sulphur Bitters, and the result will be a pure, sweet breath.

If the liver and kidneys are sluggish and inactive, Hood's Sarsaparilla will arouse them to prompt and regular action. Take it now.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness.

High-Pressure

Living characterizes these modern days. The result is a fearful increase of Brain and Heart Disease—General Debility, Insomnia, Paralysis and Insanity. Chloral and Morphia augment the evil. The medicine best adapted to do permanent good is Ayer's Sarsaparilla. It purifies, enriches and vitalizes the blood and thus strengthens every function and faculty of the body.

"I have used Ayer's Sarsaparilla in my family for years. I have found it invaluable as

for Nervous Debility caused by an inactiv liver and a low state of the blood."—Hear Bacon, Xenia, Ohio.

"For some time I have been troubled with heart disease. I never found anything to help me until I began using Ayer's Sarsaparilla. have only used this medicine six months, but it has relieved me from my trouble and enabled me to resume work."—J. P. Carzanett, Perry, Ill.

RHEUMATISM.

For More than Twenty-five Years—A Complete Recovery—The Means Used.

I had Inflammatory Rheumatism. For nearly a year I had to be fed and turned in bed. I could find no relief. My stomach was ruined with powerful medicines taken to effect a cure so that I was compelled to live on bread and water. I suffered for twenty-five years in this way. I was induced to try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and

I Am Now Well,

thanks to his medicine. Dr. Kennedy's Favorite Remedy is my best friend. By its use I am enabled to enjoy a good night's rest; also food, such as meat and pastry, which I have been deprived for years, showing that the Favorite Remedy has no equal for the cure of Indigestion and Dyspepsia as well. If any should doubt this statement, I will send the ready proof at once.—GARRETT LANSING, Troy, N. Y.

It is my pleasure and absolute duty toward those who are struggling for very life against the deadly

Disease of the Kidneys

to add testimony to the wonderful efficacy of Dr. Kennedy's Favorite Remedy. My wife was in a hopeless condition, despaired of by the physicians. Dr. David Kennedy's Favorite Remedy was resorted to; not because any hope was placed in it, but because nothing else remained. The effect was little short of a miracle. With the use of the second bottle, she regained her strength and continuing the treatment has fully recovered—JAY SWEET, Albany, N. Y.

BOOMERS FEEL PANICKY.

STATE LINE OF KANSAS IS DOTTED WITH "PRAIRIE SCHOONERS."

Forming Into Small Colonies—Decision in a Note Case—Fast Time Made by a Steamship—Other Telegraph News Received To-Day.

By Telegraph to The Freeman.

ARKANSAS CITY, Kas., April 11.—The population of this City has increased one-third during the past week. Two thousand eager boomers are here, and at least another thousand are along the line south of here. The half-dozen hardware stores have sold out their entire stock, and the demand is not half supplied. The boomers are forming into small colonies of 25 to 50 persons, and are devising schemes to outwit their neighbors and get into the heart of Oklahoma by the appointed time. There is a feeling all along the border that there will be a general forward movement into the Territory on the night of April 20. Boomers who have been here all winter have picked out their land and are suspicious and afraid of new-comers. They have pickets hiding in Oklahoma who are keeping them posted. The boomers on the Texas border are impatient and may march in before the twenty-second and seize their claims before daylight on that date. A panicky feeling prevails all around, and threats of a sanguinary character are being made by old boomers. They claim they started the agitation that led to the opening of the territory, and that now land sharks are trying to get possession of their property. The State line for hundreds of miles is dotted with "prairie schooners." All are preparing for the rush into the promised land. Many settlers whose geography is faulty are already from 10 to 15 miles in the territory and still claim they are in Kansas.

Fast Time by City of Paris.

By Telegraph to The Freeman.

NEW-YORK, April 11.—The steamer City of Paris made the passage from Queenstown to New-York in six days, 18 hours and 53 minutes. It was expected the new steamer would make the trip within a very few hours of six days. Its failure to do so is attributed to the fact that the new machinery had not had time to smooth down, and because the weather was not favorable for a quick voyage.

Decision in a Note Case.

By Telegraph to The Freeman.

LINCOLN, Neb., April 11.—A Chicago broker brought suit some time ago against a Nebraska speculator on a note given to cover margins. The Supreme Court has decided that where there was no intention of the parties to purchase and receive the grain and no intention of the sellers to deliver the same, no recovery could be had.

SPECIAL BUSINESS NOTICES.

THE MOTHER GUIDING

Her children through the perils of infancy may be compared to a pilot steering a vessel through seas of dangers known to him alone. Not the least of the good woman's anxieties arise from the fear of Whooping Cough, Croup and Diphtheria, the last two being especially serious and fatal. Yet multitudes of mothers now rely upon Dr. Kennedy's Cherry Balsam as a tried, trusted and successful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. Given according to directions, if necessary in doses large enough to cause vomiting, it relieves Croup in a few minutes. It renders Whooping Cough, while running its usual course, much less wearing on the strength of the child, and is an invaluable auxiliary in the treatment of that dread disease, diphtheria. In fact no home or nursery is properly equipped unless a bottle of the Balsam is always on hand. And for the blood, Dr. Kennedy's Favorite Remedy should stand by its side.

A SCRAP OF PAPER SAVES HER LIFE.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than 70 pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial bottles of this wonderful Discovery Free at VanDeusen's, Rondout, and F. J. R. Clarke's, Kingston, drug store.

PILES! PILES! ITCHING PILES.

Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cent. Dr. Swayne & Son, Philadelphia.

TRUTH IS TOUGH.

Does not Mr. Bryant say that "Truth will get well if she is run over by a locomotive. while error dies of lockjaw if she scratches her finger." The truth about Dr. Pierce's Pleasant Pellets will be found hard to suppress. All who take them find them gentle in their action but true in their work. Don't be afraid of mercury or anything harmful in them. They are purely vegetable and perfectly harmless. No use of taking the large, repulsive, nauseous pills. These Pellets (Little Liver Pills) are scarcely larger than mustard seeds. They cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion and Bilious Attacks, 25 cents a vial, by Druggists.

Harsh purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you.

HOW REPULSIVE

Is bad breath, and yet how many otherwise attractive, polite and particular people afflict their friends with the foul odor of their breath. If there was no remedy for this it might excite our sympathy, but as there is no need of having a foul breath, it is an unpardonable breach of good manners to obtrude such an offence on good society.

Foul breath arises from disordered digestion which can be corrected by using Sulphur Bitters, and the result will be a pure, sweet breath.

If the liver and kidneys are sluggish and inactive, Hood's Sarsaparilla will arouse them to prompt and regular action. Take it now.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness,

MEETING BOARD OF HEALTH.

AN IMPORTANT MATTER PRESENTED AND TALKED OVER.

A Swamp That Will in All Probability be Filled In—The Owner to be Notified—Complaint Made to Board About a Sewer.

A special meeting of the Board of Health of this City was held at the City Hall yesterday afternoon. There were present C. P. Ridenour, Jefferson McCausland, Dr. George C. Smith, Charles Merritt, Health Officer Dr. Loughran, Sanitary Inspector W. W. Ten-Broeck, and Augustus Schepmoes, Clerk. Mr. Ridenour presided.

City Engineer Sears reported regarding the swamp below North Front-street. He said it was a case of no outlet. "If we provide an outlet for the water it will be all right. The cost of draining by ditch and pipe will be $135."

Mr. Ridenour stated that he was opposed to an open ditch to drain the swamp. He said: "My judgment is that one main drain should be made with two or three laterals emptying into it. Then fill in the swamp five feet deep. This would forever end the nuisance and besides make a valuable piece of land. I am inclined to believe that filling in the swamp alone to the depth of five feet will be sufficient. If the owner of the swamp will not permit it to be filled up let the Board of Health declare it a nuisance and detrimental to health, as it surely is, and require him to fill it at his own expense."

Dr. Smith inquired who the owner of the lot was, and Mr. Ridenour said some person in New-York.

Mr. Sears said: "Make the filling at Fair-street end three or three and a half feet, sloping it gradually westward, and you will have a dry lot, I believe. If you use it for a dumping ground for the City it will eventually be filled up. I think to carry out Mr. Ridenour's plan would end the difficulty." He believed the area to be filled was about half an acre, while Mr. Ridenour said it was considerably less, as the filling would not be required over the whole piece of ground. In his opinion it was not worth 25 cents an acre for pasturage.

The question was asked what it would cost to fill the marsh. No one could give an estimate.

Mr. Ridenour suggested that the Clerk communicate with the owner of the property and if he refuses to attend to it, the Board of Health can take action in the matter.

Dr. Smith was in favor of the Board reporting to the Common Council recommending that the marsh be filled up.

Mr. Merritt said the swamp was nearly on a level with the tannery brook and not four or five feet above it as reported by the Engineer. The Engineer must have made some mistake. He favored filling from the south end, and draining toward Fair-street.

Dr. Loughran suggested that the Engineer make a profile plan of the lot, etc. "The Board of Health has the power to declare it a nuisance and it could be filled in. A new dump is needed up-town, and this place can be used for that purpose."

After further discussion a resolution was offered by Dr. Smith "that the swamp in rear of North Front-street, west of the Fair-street extension, is hereby declared to be a public nuisance, detrimental to the public health, and the Board recommends that the Common Council abate and suppress said nuisance as soon as practicable, filling up the swamp to such depth as shall in the future remove the possibility of stagnant water at that point." It was adopted.

Joshua Demby appeared before the Board and complained regarding an empty sewer running through his lot. He said he had complained before, but no remedy had been applied. He asked that the sewer be covered.

Mr. McCausland moved that the Board of Health recommend to the Common Council that this sewer be covered. Carried.

The Board then adjourned.

CONTEMPLATE CLOSING WELLS.

The members of the Board of Health of Ellenville contemplate closing up all the wells within the corporation limits, it being deemed impossible to keep them from becoming impregnated with germs liable to breed and spread various diseases.

STORY TOLD BY A RONDOUT HATTER.

Fat-Faced Men who Invariably Want Narrow-Brimmed Hats.

A Rondout hatter said this morning: "It is strange what conception some men have when buying hats. A fat-faced man, if he wants a hat that is becoming to him, must wear a broad-brimmed one. Put a narrow-brimmed hat on a big-faced man, and he will present a comical appearance. Eight out of 10 lean, lank men want broad brims. Here are three styles of hats that sell rapidly—one for a young man; another for a middle-aged man, and the third for an old man. In sizes there is no difference, but you see the height of the crown and width of the brim must suit the face. Here's one kind that boatmen purchase. As a rule they want a high crown and broad brim—no matter about style—and want no other."

WILL PROBABLY VISIT ELLERSLIE.

President Harrison to be the Guest of Vice-President Morton.

The people of this City and the surrounding region will probably have an opportunity of paying their respects to President Harrison about May 1. It is announced that on that date he will be the guest of Vice-President Morton at the latter's handsome country residence, Ellerslie, on the east bank of the Hudson River, in sight of the Catskill Mountains. Ellerslie, always one of the prettiest country residences in the United States, has been greatly improved during the time it has been in the possession of Mr. Morton. Not the least among the improvements is the building of a new mansion of cut stone at a cost of $200,000.

Gave Bail in $500—Sentenced to Pay a Fine of $50.

In the Court of Oyer and Terminer, held at the Court House, Kingston, to-day, District Attorney Vanderlyn arraigned William Sheeley, of the town of Rosendale, on an indictment for having on March 15 last, kept a disorderly house. He pleaded not guilty. Alva S. Newcomb appeared for him. The prisoner gave bail in the sum of $500 to appear at the next Court of Sessions.

H. A. Follett was arraigned on an indictment charging him with having on January 23 last, at Phœnicia, town of Shandaken, practiced medicine and treated one Flora Kelsey, without having a license or diploma or any authority to do so. Everett Fowler, prisoner's counsel, entered a plea of not guilty, and said the prisoner would furnish a bond. District Attorney Vanderlyn said a bond of $1,000 should be required. Later on Follet changed his mind. He withdrew his plea of not guilty and pleaded guilty. He was sentenced to pay a fine of $50, to be imprisoned until such fine is paid not exceeding 50 days.

HAD AN INTERESTING REHEARSAL.

Members of Philharmonic Society Training for a Concert—Music.

There was an interesting rehearsal of the Kingston Philharmonic Society at the City Hall last evening. Professor Hulslander was present. A new part song, "We'll Gaily Sing and Play," by Ciro Pinsuti, was practiced. It is a quartette and chorus of lively character, and introduces a melody of the "Last Rose of Summer" for solo voices, accompanied by the chorus, producing a fine effect. During the rehearsal there was a meeting of the Executive Committee. It was decided to change the date of the benefit concert to the evening of May 8, probably at the Academy of Music. The programme will be of a miscellaneous character, executed mainly by home talent. There will be solos, duets, quartettes and part songs. It is the intention of the Society to give a light character of music.

EDISON'S WONDERFUL PHONOGRAPH.

It Tells a Humorous Story, Sings and Executes a Banjo Solo.

Edison's phonograph was exhibited and explained at the Peekskill Military Academy one evening recently. The first talking done by the "machine" was a humorous story of the discovery of America; next a mandolin solo was produced. Following there was a tenor solo; quartette by a Brooklyn church choir; banjo solo by French, of New-York; bugle calls; xylophone solo, and "Hail Columbia" by a New-York City band. The students sang some college songs, which were recorded and produced, and the cylinders kept for future use. The entertainment was enjoyed.

The session was opened by prayer by the President, the Rev. William Schmitz, of Roxbury. He also preached the classical sermon from II. Thess., 1:3. At the close of the service the Classis organized, the Rev. E. G. Ackerman, of Woodstock, being made President. The Rev. P. Q. Wilson was made Clerk *pro tem.* Since the last meeting of Classis the Rev. Jacob N. Voorhis, of Port-Ewen, who had been Stated Clerk for 16 years, died. The Rev. B. C. Lippincott, of Port-Ewen, was chosen to fill the vacancy. A call on the Rev. Richard DeWitt, of Wallkill, from the Reformed Church of Flatbush was approved, and a committee consisting of the Rev. Messrs. J. G. VanSlyke, D. D., D. Wortman, C. VanSantvoordt, and Elders Jacob M. Snyder and Teunis P. ENTERTAINMENT.

THE RECORD OF CITY AMUSEMENTS.

Adams & Cook Company—"Lost in London"—Mrs. Scott Siddons.

The opportunity to hear Mrs. Scott Siddons on Monday evening, April 15, in Kingston Opera House, no doubt will be taken advantage of by all who are conversant with her powers as a reader. By reputation Mrs. Siddons stands in the first rank of elocutionists, having achieved special distinction as an interpreter of Shakespeare. Selections from Dickens, Mark Twain and others will also be given. The entertainment will be for the benefit of the Industrial Home, of this City. A good orchestra will be in attendance.

The Adams & Cook Dramatic Company drew a large audience to Liscomb's Opera House, Rondout, last night. The play presented was "Dr. Jekyll and Mr. Hyde," with Thomas E. Shea in the leading *role.* Mr. Shea made a brilliant success of the dual character of man and fiend. It was a wonderful portrayal, and the strain of the work was clearly visible on Mr. Shea's face when the curtain went down in the last act. So realistic was his acting that people with strong nerves who were present shuddered when he was transformed from the gentlemanly "Dr. Jekyll" to the incarnate fiend "Mr. Hyde." Mr. Shea received excellent support from the other members of the Company. This evening H. Rider Haggard's popular story, "She" will be presented in dramatized form with spectacular effects.

This evening in Kingston Opera House, Newton Beers and a powerful company of artists will produce the spectacular drama "Lost in London." Mr. Beers and his company are receiving universal praise wherever they appear. The play is one that calls for unusual effort on the part of all connected with it, from the stage carpenter to the star actor, inasmuch as the stage setting has as much to do with the successful rendering of the piece as the efforts of the actors. This is not all of the entertainment, however, as in the second act there is one of the best vaudeville entertainments that can be given on the stage. A pleasing feature is said to be the original "Pan Pipe Singers." A gentleman who recently saw the performance said: "I have never seen such a combination of comedy, tragedy, emotional or spectacular, on any stage in this City." The company gave a matinee performance this afternoon. The play was "Enoch Arden."

None but regularly commissioned and enlisted officers and men will be allowed to parade. The separate companies of General Parker's Third Brigade will be formed into three provisional regiments of 10 companies each. The first will be commanded by Lieutenant-Colonel William J. Harding, of the Thirteenth Regiment; the second by Colonel Alexander S. Bacon; the third by Lieutenant-Colonel James A. Dennison, of the Seventy-First Regiment. The provisional regiment, composed of the separate companies of the Fourth Brigade, will be commanded by Colonel Smith M. Welch, Jr., of the Sixty-Fifth Regiment. The second provisional regiment will concentrate in Albany and with the Tenth Battalion take the steamer "Grand Republic" for New York, which vessel will be the headquarters of the Regiment while absent.

In Need of Prayers.

A Hudson minister visited a meeting of the Common Council of that City, one evening recently, and was offered a seat at the right of the Mayor. After the meeting was over the good man said to the Mayor: "The President of the United States and the Governor of the State are often prayed for, but I should judge from appearances that this Council was much more in need of prayer than either of those gentlemen."

RAFTING DONE IN OLDEN TIMES.

The Business Done Now in That Line is Small—Disappearance of Forests.

In olden times there was much travel through Rondout in the early spring, of men who went from Philadelphia to Delaware County for the purpose of cutting logs and rafting them down the Delaware River. On arriving at Rondout the men would continue their journey on the Delhi stage to that village. The disappearance of forests has greatly lessened the industry. The rafting business done on the Delaware River is now very small. The *Port-Jervis Gazette* says: "The whole number of single rafts that have passed the Lackawaxen dam in the Delaware this spring up to last week is 150, divided as follows: Hemlock logs, 49; pitch pine spiling, 23; sap pine spiling, 28; hemlock toggle, 35; maple logs, five; basswood logs, 2; wharf timber, four; white pine logs, four. Not one raft of sawed lumber has yet been sent down the Delaware. About half the rafts have already been run."

NOTES ABOUT CURRENT LITERATURE.

"Harper's Magazine" for May—Contains Portrait of Captain Schoonmaker.

The current issue of *Harper's Weekly* contains an excellent portrait of the late Captain C. M. Schoonmaker, of Kingston, together with a fine picture of the Vandalia, the vessel he commanded, and the other naval steamers that were wrecked in the hurricane. There is also a picture of the harbor of Apia. A portrait of Captain Schoonmaker also appears in this week's *Frank Leslie.*

Brander Matthews, writing on "The Dramatic Outlook in America," which will be published in *Harper's Magazine* for May, finds evidence of an improvement in the quality as well as in the quantity of the plays written in Great Britain and in the United States. The weakest point in American drama, he says, is that the playwright here has not taken the trouble to learn the theatrical technique.

It Costs Less.

On the question of real economy Hood's Sarsaparilla is so far ahead of other preparations as to place them entirely out of the race as competitors. Here are facts in regard to this popular medicine, easily susceptible of conclusive proof:

1. Hood's Sarsaparilla costs the Manufacturer more than any other competing preparation, because it is more highly concentrated and contains more real medicinal value.

2. It costs the Jobber more, as a consequence of the fact just stated.

3. It costs the Retail Druggist more, for the same reason as can easily be learned by inquiry. Hence the desire of some retailers to sell their own preparations, which costs them less, and for which they get the same price, thus making more money. But

4. It costs the Consumer less than any other medicine, because of its greater concentrated strength and the quanitty in each bottle, and because it is the only preparation of which can truly be said, "100 Doses One Dollar."

That the people appreciate this is shown by the fact that Hood's Sarsaparilla has the Largest Sale of any sarsaparilla or blood purifier. It possesses peculiar merit and effects wonderful cures.

A Point for You.

When you buy your spring medicine, you want the best. Ask for Hood's Sarsaparilla, and insist upon having it. Do not let any argument or persuasion influence you to buy what you do not want. Be sure to get the ideal spring medicine.

"I take Hood's Sarpararilla and find it the best medicine for the blood I ever tried. Large quantities are sold in this vicinity. As a blood medicine and spring tonic it stands ahead of all others." H. N. PHILLIPS, Editor Sentinel-Advertiser, Hope Valley, R. I.

MEETING BOARD OF HEALTH.

AN IMPORTANT MATTER PRESENTED AND TALKED OVER.

A Swamp That Will in All Probability be Filled In—The Owner to be Notified—Complaint Made to Board About a Sewer.

A special meeting of the Board of Health of this City was held at the City Hall yesterday afternoon. There were present C. P. Ridenour, Jefferson McCausland, Dr. George C. Smith, Charles Merritt, Health Officer Dr. Loughran, Sanitary Inspector W. W. Ten-Broeck, and Augustus Schepmoes, Clerk. Mr. Ridenour presided.

City Engineer Sears reported regarding the swamp below North Front-street. He said it was a case of no outlet. "If we provide an outlet for the water it will be all right. The cost of draining by ditch and pipe will be $135."

Mr. Ridenour stated that he was opposed to an open ditch to drain the swamp. He said: "My judgment is that one main drain should be made with two or three laterals emptying into it. Then fill in the swamp five feet deep. This would forever end the nuisance and besides make a valuable piece of land. I am inclined to believe that filling in the swamp alone to the depth of five feet will be sufficient. If the owner of the swamp will not permit it to be filled up let the Board of Health declare it a nuisance and detrimental to health, as it surely is, and require him to fill it at his own expense."

Dr. Smith inquired who the owner of the lot was, and Mr. Ridenour said some person in New-York.

Mr. Sears said: "Make the filling at Fair-street end three or three and a half feet, sloping it gradually westward, and you will have a dry lot, I believe. If you use it for a dumping ground for the City it will eventually be filled up. I think to carry out Mr. Ridenour's plan would end the difficulty." He believed the area to be filled was about half an acre, while Mr. Ridenour said it was considerably less, as the filling would not be required over the whole piece of ground. In his opinion it was not worth 25 cents an acre for pasturage.

The question was asked what it would cost to fill the marsh. No one could give an estimate.

Mr. Ridenour suggested that the Clerk communicate with the owner of the property and if he refuses to attend to it, the Board of Health can take action in the matter.

Dr. Smith was in favor of the Board reporting to the Common Council recommending that the marsh be filled up.

Mr. Merritt said the swamp was nearly on a level with the tannery brook and not four or five feet above it as reported by the Engineer. The Engineer must have made some mistake. He favored filling from the south end, and draining toward Fair-street.

Dr. Loughran suggested that the Engineer make a profile plan of the lot, etc. "The Board of Health has the power to declare it a nuisance and it could be filled in. A new dump is needed up-town, and this place can be used for that purpose."

After further discussion a resolution was offered by Dr. Smith "that the swamp in rear of North Front-street, west of the Fair-street extension, is hereby declared to be a public nuisance, detrimental to the public health, and the Board recommends that the Common Council abate and suppress said nuisance as soon as practicable, filling up the swamp to such depth as shall in the future remove the possibility of stagnant water at that point." It was adopted.

Joshua Demby appeared before the Board and complained regarding an empty sewer running through his lot. He said he had complained before, but no remedy had been applied. He asked that the sewer be covered.

Mr. McCausland moved that the Board of Health recommend to the Common Council that this sewer be covered. Carried.

The Board then adjourned.

CONTEMPLATE CLOSING WELLS.

The members of the Board of Health of Ellenville contemplate closing up all the wells within the corporation limits, it being deemed impossible to keep them from becoming impregnated with germs liable to breed and spread various diseases.

STORY TOLD BY A RONDOUT HATTER.

Fat-Faced Men who Invariably Want Narrow-Brimmed Hats.

A Rondout hatter said this morning: "It is strange what conception some men have when buying hats. A fat-faced man, if he wants a hat that is becoming to him, must wear a broad-brimmed one. Put a narrow-brimmed hat on a big-faced man, and he will present a comical appearance. Eight out of 10 lean, lank men want broad brims. Here are three styles of hats that sell rapidly—one for a young man; another for a middle-aged man, and the third for an old man. In sizes there is no difference, but you see the height of the crown and width of the brim must suit the face. Here's one kind that boatmen purchase. As a rule they want a high crown and broad brim—no matter about style—and want no other."

WILL PROBABLY VISIT ELLERSLIE.

President Harrison to be the Guest of Vice-President Morton.

The people of this City and the surrounding region will probably have an opportunity of paying their respects to President Harrison about May 1. Ellerslie, always one of the prettiest country residences in the United States, has been greatly improved during the time it has been in the possession of Mr. Morton. Not the least among the improvements is the building of a new mansion of cut stone at a cost of $200,000.

H. A. Follett was arraigned on an indictment charging him with having on January 23 last, at Phœnicia, town of Shandaken, practiced medicine and treated one Flora Kelsey, without having a license or diploma or any authority to do so. Everett Fowler, prisoner's counsel, entered a plea of not guilty, and said the prisoner would furnish a bond. District Attorney Vanderlyn said a bond of $1,000 should be required. Later on Follet changed his mind. He withdrew his plea of not guilty and pleaded guilty. He was sentenced to pay a fine of $50, to be imprisoned until such fine is paid not exceeding 50 days.

HAD AN INTERESTING REHEARSAL.

Members of Philharmonic Society Training for a Concert—Music.

There was an interesting rehearsal of the Kingston Philharmonic Society at the City Hall last evening. Professor Hulslander was present. A new part song, "We'll Gaily Sing and Play," by Ciro Pinsuti, was practiced. It is a quartette and chorus of lively character, and introduces a melody of the "Last Rose of Summer" for solo voices, accompanied by the chorus, producing a fine effect. During the rehearsal there was a meeting of the Executive Committee. It was decided to change the date of the benefit concert to the evening of May 8, probably at the Academy of Music. The programme will be of a miscellaneous character, executed mainly by home talent. There will be solos, duets, quartettes and part songs. It is the intention of the Society to give a light character of music.

ENTERTAINMENT.

Sixteen young ladies of the Fair-Street Reformed Church, Kingston, will hold a bazaar on Tuesday evening, April 16, at the residence of Miss Katharine Ridenour, on Maiden Lane, beginning at 5 o'clock.

THE RECORD OF CITY AMUSEMENTS.

Adams & Cook Company—"Lost in London"—Mrs. Scott Siddons.

The opportunity to hear Mrs. Scott Siddons on Monday evening, April 15, in Kingston Opera House, no doubt will be taken advantage of by all who are conversant with her powers as a reader. By reputation Mrs. Siddons stands in the first rank of elocutionists, having achieved special distinction as an interpreter of Shakespeare. Selections from Dickens, Mark Twain and others will also be given. The entertainment will be for the benefit of the Industrial Home, of this City. A good orchestra will be in attendance.

The Adams & Cook Dramatic Company drew a large audience to Liscomb's Opera House, Rondout, last night. The play presented was "Dr. Jekyll and Mr. Hyde," with Thomas E. Shea in the leading *role.* Mr. Shea made a brilliant success of the dual character of man and fiend. It was a wonderful portrayal, and the strain of the work was clearly visible on Mr. Shea's face when the curtain went down in the last act. So realistic was his acting that people with strong nerves who were present shuddered when he was transformed from the gentlemanly "Dr. Jekyll" to the incarnate fiend "Mr. Hyde." Mr. Shea received excellent support from the other members of the Company. This evening H. Rider Haggard's popular story, "She" will be presented in dramatized form with spectacular effects.

This evening in Kingston Opera House, Newton Beers and a powerful company of artists will produce the spectacular drama "Lost in London." Mr. Beers and his company are receiving universal praise wherever they appear. The play is one that calls for unusual effort on the part of all connected with it, from the stage carpenter to the star actor, inasmuch as the stage setting has as much to do with the successful rendering of the piece as the efforts of the actors. This is not all of the entertainment, however, as in the second act there is one of the best vaudeville entertainments that can be given on the stage. A pleasing feature is said to be the original "Pan Pipe Singers." A gentleman who recently saw the performance said: "I have never seen such a combination of comedy, tragedy, emotional or spectacular, on any stage in this City." The company gave a matinee performance this afternoon. The play was "Enoch Arden."

THE COMING CENTENNIAL PARADE.

All officers and men, except mounted, are to wear canvas leggings. Each regiment and battalion will be divided into companies of 20 files each, double rank. None but regularly commissioned and enlisted officers and men will be allowed to parade. The separate companies of General Parker's Third Brigade will be formed into three provisional regiments of 10 companies each. The first will be commanded by Lieutenant-Colonel William J. Harding, of the Thirteenth Regiment; the second by Colonel Alexander S. Bacon; the third by Lieutenant-Colonel James A. Dennison, of the Seventy-First Regiment. The provisional regiment, composed of the separate companies of the Fourth Brigade, will be commanded by Colonel Smith M. Welch, Jr., of the Sixty-Fifth Regiment. The second provisional regiment will concentrate in Albany and with the Tenth Battalion take the steamer "Grand Republic" for New York, which vessel will be the headquarters of the Regiment while absent.

In Need of Prayers.

A Hudson minister visited a meeting of the Common Council of that City, one evening recently, and was offered a seat at the right of the Mayor. After the meeting was over the good man said to the Mayor: "The President of the United States and the Governor of the State are often prayed for, but I should judge from appearances that this Council was much more in need of prayer than either of those gentlemen."

RAFTING DONE IN OLDEN TIMES.

The Business Done Now in That Line is Small—Disappearance of Forests.

In olden times there was much travel through Rondout in the early spring, of men who went from Philadelphia to Delaware County for the purpose of cutting logs and rafting them down the Delaware River. On arriving at Rondout the men would continue their journey on the Delhi stage to that village. The disappearance of forests has greatly lessened the industry. The rafting business done on the Delaware River is now very small. The *Port-Jervis Gazette* says: "The whole number of single rafts that have passed the Lackawaxen dam in the Delaware this spring up to last week is 150, divided as follows: Hemlock logs, 49; pitch pine spiling, 23; sap pine spiling, 28; hemlock toggle, 35; maple logs, five; basswood logs, 2; wharf timber, four; white pine logs, four. Not one raft of sawed lumber has yet been sent down the Delaware. About half the rafts have already been run."

NOTES ABOUT CURRENT LITERATURE.

"Harper's Magazine" for May—Contains Portrait of Captain Schoonmaker.

The current issue of *Harper's Weekly* contains an excellent portrait of the late Captain C. M. Schoonmaker, of Kingston, together with a fine picture of the Vandalia, the vessel he commanded, and the other naval steamers that were wrecked in the hurricane. There is also a picture of the harbor of Apia. A portrait of Captain Schoonmaker also appears in this week's *Frank Leslie.*

Brander Matthews, writing on "The Dramatic Outlook in America," which will be published in *Harper's Magazine* for May, finds evidence of an improvement in the quality as well as in the quantity of the plays written in Great Britain and in the United States. The weakest point in American drama, he says, is that the playwright here has not taken the trouble to learn the theatrical technique.

It Costs Less.

On the question of real economy Hood's Sarsaparilla is so far ahead of other preparations as to place them entirely out of the race as competitors. Here are facts in regard to this popular medicine, easily susceptible of conclusive proof:

1. Hood's Sarsaparilla costs the Manufacturer more than any other competing preparation, because it is more highly concentrated and contains more real medicinal value.

2. It costs the Jobber more, as a consequence of the fact just stated.

3. It costs the Retail Druggist more, for the same reason as can easily be learned by inquiry. Hence the desire of some retailers to sell their own preparations, which costs them less, and for which they get the same price, thus making more money. But

4. It costs the Consumer less than any other medicine, because of its greater concentrated strength and the quanitty in each bottle, and because it is the only preparation of which can truly be said, "100 Doses One Dollar."

That the people appreciate this is shown by the fact that Hood's Sarsaparilla has the Largest Sale of any sarsaparilla or blood purifier. It possesses peculiar merit and effects wonderful cures.

A Point for You.

When you buy your spring medicine, you want the best. Ask for Hood's Sarsaparilla, and insist upon having it. Do not let any argument or persuasion influence you to buy what you do not want. Be sure to get the ideal spring medicine.

"I take Hood's Sarpararilla and find it the best medicine for the blood I ever tried. Large quantities are sold in this vicinity. As a blood medicine and spring tonic it stands ahead of all others." H. N. PHILLIPS, Editor Sentinel-Advertiser, Hope Valley, R. I.

MEETING BOARD OF HEALTH.

AN IMPORTANT MATTER PRESENTED AND TALKED OVER.

A Swamp That Will in All Probability be Filled In—The Owner to be Notified —Complaint Made to Board About a Sewer.

A special meeting of the Board of Health of this City was held at the City Hall yesterday afternoon. There were present C. P. Ridenour, Jefferson McCausland, Dr. George C. Smith, Charles Merritt, Health Officer Dr. Loughran, Sanitary Inspector W. W. TenBroeck, and Augustus Schepmoes, Clerk. Mr. Ridenour presided.

City Engineer Sears reported regarding the swamp below North Front-street. He said it was a case of no outlet. "If we provide an outlet for the water it will be all right. The cost of draining by ditch and pipe will be $135."

Mr. Ridenour stated that he was opposed to an open ditch to drain the swamp. He said: "My judgment is that one main drain should be made with two or three laterals emptying into it. Then fill in the swamp five feet deep. This would forever end the nuisance and besides make a valuable piece of land. I am inclined to believe that filling in the swamp alone to the depth of five feet will be sufficient. If the owner of the swamp will not permit it to be filled up let the Board of Health declare it a nuisance and detrimental to health, as it surely is, and require him to fill it at his own expense."

Dr. Smith inquired who the owner of the lot was, and Mr. Ridenour said some person in New-York.

Mr. Sears said: "Make the filling at Fair-street end three or three and a half feet, sloping it gradually westward, and you will have a dry lot, I believe. If you use it for a dumping ground for the City it will eventually be filled up. I think to carry out Mr. Ridenour's plan would end the difficulty." He believed the area to be filled was about half an acre, while Mr. Ridenour said it was considerably less, as the filling would not be required over the whole piece of ground. In his opinion it was not worth 25 cents an acre for pasturage.

The question was asked what it would cost to fill the marsh. No one could give an estimate.

Mr. Ridenour suggested that the Clerk communicate with the owner of the property and if he refuses to attend to it, the Board of Health can take action in the matter.

Dr. Smith was in favor of the Board reporting to the Common Council recommending that the marsh be filled up.

Mr. Merritt said the swamp was nearly on a level with the tannery brook and not four or five feet above it as reported by the Engineer. The Engineer must have made some mistake. He favored filling from the south end, and draining toward Fair-street.

Dr. Loughran suggested that the Engineer make a profile plan of the lot, etc. "The Board of Health has the power to declare it a nuisance and it could be filled in. A new dump is needed up-town, and this place can be used for that purpose."

After further discussion a resolution was offered by Dr. Smith "that the swamp in rear of North Front-street, west of the Fair-street extension, is hereby declared to be a public nuisance, detrimental to the public health, and the Board recommends that the Common Council abate and suppress said nuisance as soon as practicable, filling up the swamp to such depth as shall in the future remove the possibility of stagnant water at that point." It was adopted.

Joshua Demby appeared before the Board and complained regarding an empty sewer running through his lot. He said he had complained before, but no remedy had been applied. He asked that the sewer be covered.

Mr. McCausland moved that the Board of Health recommend to the Common Council that this sewer be covered. Carried.

The Board then adjourned.

CONTEMPLATE CLOSING WELLS.

The members of the Board of Health of Ellenville contemplate closing up all the wells within the corporation limits, it being deemed impossible to keep them from becoming impregnated with germs liable to breed and spread various diseases.

STORY TOLD BY A RONDOUT HATTER.

Fat-Faced Men who Invariably Want Narrow-Brimmed Hats.

A Rondout hatter said this morning: "It is strange what conception some men have when buying hats. A fat-faced man, if he wants a hat that is becoming to him, must wear a broad-brimmed one. Put a narrow-brimmed hat on a big-faced man, and he will present a comical appearance. Eight out of 10 lean, lank men want broad brims. Here are three styles of hats that sell rapidly—one for a young man; another for a middle-aged man, and the third for an old man. In sizes there is no difference, but you see the height of the crown and width of the brim must suit the face. Here's one kind that boatmen purchase. As a rule they want a high crown and broad brim—no matter about style—and want no other."

WILL PROBABLY VISIT ELLERSLIE.

President Harrison to be the Guest of Vice-President Morton.

The people of this City and the surrounding region will probably have an opportunity of paying their respects to President Harrison about May 1. It is announced that on that date he will be the guest of Vice-President Morton at the latter's handsome country residence, Ellerslie, on the east bank of the Hudson River, in sight of the Catskill Mountains. Ellerslie, always one of the prettiest country residences in the United States, has been greatly improved during the time it has been in the possession of Mr. Morton. Not the least among the improvements is the building of a new mansion of cut stone at a cost of $200,000.

IN COURT OF OYER AND TERMINER.

Gave Bail in $500—Sentenced to Pay a Fine of $50.

In the Court of Oyer and Terminer, held at the Court House, Kingston, to-day, District Attorney Vanderlyn arraigned William Sheeley, of the town of Rosendale, on an indictment for having on March 15 last, kept a disorderly house. He pleaded not guilty. Alva S. Newcomb appeared for him. The prisoner gave bail in the sum of $500 to appear at the next Court of Sessions.

H. A. Follett was arraigned on an indictment charging him with having on January 23 last, at Phœnicia, town of Shandaken, practiced medicine and treated one Flora Kelsey, without having a license or diploma or any authority to do so. Everett Fowler, prisoner's counsel, entered a plea of not guilty, and said the prisoner would furnish a bond. District Attorney Vanderlyn said a bond of $1,000 should be required. Later on Follet changed his mind. He withdrew his plea of not guilty and pleaded guilty. He was sentenced to pay a fine of $50, to be imprisoned until such fine is paid not exceeding 50 days.

HAD AN INTERESTING REHEARSAL.

Members of Philharmonic Society Training for a Concert—Music.

There was an interesting rehearsal of the Kingston Philharmonic Society at the City Hall last evening. Professor Hulslander was present. A new part song, "We'll Gaily Sing and Play," by Ciro Pinsuti, was practiced. It is a quartette and chorus of lively character, and introduces a melody of the "Last Rose of Summer" for solo voices, accompanied by the chorus, producing a fine effect. During the rehearsal there was a meeting of the Executive Committee. It was decided to change the date of the benefit concert to the evening of May 8, probably at the Academy of Music. The programme will be of a miscellaneous character, executed mainly by home talent. There will be solos, duets, quartettes and part songs. It is the intention of the Society to give a light character of music.

EDISON'S WONDERFUL PHONOGRAPH.

It Tells a Humorous Story, Sings and Executes a Banjo Solo.

Edison's phonograph was exhibited and explained at the Peekskill Military Academy one evening recently. The first talking done by the "machine" was a humorous story of the discovery of America; next a mandolin solo was produced. Following there was a tenor solo; quartette by a Brooklyn church choir; banjo solo by French, of New-York; bugle calls; xylophone solo, and "Hail Columbia" by a New-York City band. The students sang some college songs, which were recorded and produced, and the cylinders kept for future use. The entertainment was enjoyed.

The session was opened by prayer by the President, the Rev. William Schmitz, of Roxbury. He also preached the classical sermon from II. Thess., 1:3. At the close of the service the Classis organized, the Rev. E. G. Ackerman, of Woodstock, being made President. The Rev. P. Q. Wilson was made Clerk *pro tem.* Since the last meeting of Classis the Rev. Jacob N. Voorhis, of Port-Ewen, who had been Stated Clerk for 16 years, died. The Rev. B. C. Lippincott, of Port-Ewen, was chosen to fill the vacancy. A call on the Rev. Richard DeWitt, of Wallkill, from the Reformed Church of Flatbush was approved, and a committee consisting of the Rev. THE RECORD OF CITY AMUSEMENTS.

Adams & Cook Company—"Lost in London" —Mrs. Scott Siddons.

The opportunity to hear Mrs. Scott Siddons on Monday evening, April 15, in Kingston Opera House, no doubt will be taken advantage of by all who are conversant with her powers as a reader. By reputation Mrs. Siddons stands in the first rank of elocutionists, having achieved special distinction as an interpreter of Shakespeare. Selections from Dickens, Mark Twain and others will also be given. The entertainment will be for the benefit of the Industrial Home, of this City. A good orchestra will be in attendance.

The Adams & Cook Dramatic Company drew a large audience to Liscomb's Opera House, Rondout, last night. The play presented was "Dr. Jekyll and Mr. Hyde," with Thomas E. Shea in the leading *role.* Mr. Shea made a brilliant success of the dual character of man and fiend. It was a wonderful portrayal, and the strain of the work was clearly visible on Mr. Shea's face when the curtain went down in the last act. So realistic was his acting that people with strong nerves who were present shuddered when he was transformed from the gentlemanly "Dr. Jekyll" to the incarnate fiend "Mr. Hyde." Mr. Shea received excellent support from the other members of the Company. This evening H. Rider Haggard's popular story, "She" will be presented in dramatized form with spectacular effects.

This evening in Kingston Opera House, Newton Beers and a powerful company of artists will produce the spectacular drama "Lost in London." Mr. Beers and his company are receiving universal praise wherever they appear. The play is one that calls for unusual effort on the part of all connected with it, from the stage carpenter to the star actor, inasmuch as the stage setting has as much to do with the successful rendering of the piece as the efforts of the actors. This is not all of the entertainment, however, as in the second act there is one of the best vaudeville entertainments that can be given on the stage. A pleasing feature is said to be the original "Pan Pipe Singers." A gentleman who recently saw the performance said: "I have never seen such a combination of comedy, tragedy, emotional or spectacular, on any stage in this City." The company gave a matinee performance this afternoon. The play was "Enoch Arden."

Harding, of the Thirteenth Regiment; the second by Colonel Alexander S. Bacon; the third by Lieutenant-Colonel James A. Dennison, of the Seventy-First Regiment. The provisional regiment, composed of the separate companies of the Fourth Brigade, will be commanded by Colonel Smith M. Welch, Jr., of the Sixty-Fifth Regiment. The second provisional regiment will concentrate in Albany and with the Tenth Battalion take the steamer "Grand Republic" for New York, which vessel will be the headquarters of the Regiment while absent.

In Need of Prayers.

A Hudson minister visited a meeting of the Common Council of that City, one evening recently, and was offered a seat at the right of the Mayor. After the meeting was over the good man said to the Mayor: "The President of the United States and the Governor of the State are often prayed for, but I should judge from appearances that this Council was much more in need of prayer than either of those gentlemen."

RAFTING DONE IN OLDEN TIMES.

The Business Done Now in That Line Is Small—Disappearance of Forests.

In olden times there was much travel through Rondout in the early spring, of men who went from Philadelphia to Delaware County for the purpose of cutting logs and rafting them down the Delaware River. On arriving at Rondout the men would continue their journey on the Delhi stage to that village. The disappearance of forests has greatly lessened the industry. The rafting business done on the Delaware River is now very small. The *Port-Jervis Gazette* says: "The whole number of single rafts that have passed the Lackawaxen dam in the Delaware this spring up to last week is 150, divided as follows: Hemlock logs, 49; pitch pine spiling, 23; sap pine spiling, 28; hemlock toggle, 35; maple logs, five; basswood logs, 2; wharf timber, four; white pine logs, four. Not one raft of sawed lumber has yet been sent down the Delaware. About half the rafts have already been run."

NOTES ABOUT CURRENT LITERATURE.

"Harper's Magazine" for May—Contains Portrait of Captain Schoonmaker.

The current issue of *Harper's Weekly* contains an excellent portrait of the late Captain C. M. Schoonmaker, of Kingston, together with a fine picture of the Vandalia, the vessel he commanded, and the other naval steamers that were wrecked in the hurricane. There is also a picture of the harbor of Apia. A portrait of Captain Schoonmaker also appears in this week's *Frank Leslie.*

Brander Matthews, writing on "The Dramatic Outlook in America," which will be published in *Harper's Magazine* for May, finds evidence of an improvement in the quality as well as in the quantity of the plays written in Great Britain and in the United States. The weakest point in American drama, he says, is that the playwright here has not taken the trouble to learn the theatrical technique.

It Costs Less.

On the question of real economy Hood's Sarsaparilla is so far ahead of other preparations as to place them entirely out of the race as competitors. Here are facts in regard to this popular medicine, easily susceptible of conclusive proof:

1. Hood's Sarsaparilla costs the Manufacturer more than any other competing preparation, because it is more highly concentrated and contains more real medicinal value.

2. It costs the Jobber more, as a consequence of the fact just stated.

3. It costs the Retail Druggist more, for the same reason as can easily be learned by inquiry. Hence the desire of some retailers to sell their own preparations, which costs them less, and for which they get the same price, thus making more money. But

4. It costs the Consumer less than any other medicine, because of its greater concentrated strength and the quanitty in each bottle, and because it is the only preparation of which can truly be said, "100 Doses One Dollar."

That the people appreciate this is shown by the fact that Hood's Sarsaparilla has the Largest Sale of any sarsaparilla or blood purifier. It possesses peculiar merit and effects wonderful cures.

A Point for You.

When you buy your spring medicine, you want the best. Ask for Hood's Sarsaparilla, and insist upon having it. Do not let any argument or persuasion influence you to buy what you do not want. Be sure to get the ideal spring medicine.

"I take Hood's Sarpararilla and find it the best medicine for the blood I ever tried. Large quantities are sold in this vicinity. As a blood medicine and spring tonic it stands ahead of all others." H. N. PHILLIPS, Editor Sentinel-Advertiser, Hope Valley, R. I.

TAKE NOTICE, that the petition of the Hudson Connecting Railroad Company, stating and setting forth the several matters required to be stated and set forth therein by the provisions of the act of the Legislature of the State of New-York, entitled, "An act to authorize the formation of railroad corporations and to regulate the same," passed April 2, 1850, and praying for the appointment of three disinterested and competent freeholders, commissioners to ascertain and appraise the compensation to be made to the owners or persons interested in the real estate hereinafter mentioned and described, will be presented to the Supreme Court of the State of New-York at a Special Term thereof, appointed to be held at the Court House, in the City of Kingston, N.
